### CITY OF OAKLAND BUDGET ADVISORY COMMISSION

Notice is hereby given that a Special Meeting of the City of Oakland Budget Advisory Commission (BAC) is scheduled for **Monday, February 1st, 2021** at <u>6:00 PM.</u>

Pursuant to the Governor's Executive Order N-29-20, all members of the Budget Advisory Commission will join the meeting via phone/video conference and no teleconference locations are required.

#### **Commission Members:**

Jay Ashford, Ken Benson, Carrie Crespo-Dixon, Ed Gerber, Vincent Leung, Joseph Macaluso, John McKenna, Kasheica McKinney, Caitlin Prendiville, Sarah Price, Brenda Roberts, Michael Silk, Marchon Tatmon

#### City's Representative(s):

Ecaterina Burton & Jose Segura- Finance Department

#### **Meeting Agenda:**

- 1. Administrative Matters [5 minutes]
  - Welcome & Attendance
  - Update on BAC Vacancies
- 2. Review of 2020 BAC Survey [20 minutes]
  - Status & Next steps
- 3. Latest update on City's current fiscal conditions [40 minutes]
  - Possible Ad-Hoc Committee Response
- 4. Update on Upcoming Council Retreat, Q2 R&E Report, 5-Year Financial Forecast [10 minutes]
- 5. Open Forum [10 minutes]
- 6. Adjournment

# 2021 City of Oakland Budget Priorities Survey

Key Findings from a Survey of Oakland Residents Conducted December 17, 2020 to January 7, 2021

## Why Oakland Regularly Conducts this Survey

#### Why We Conduct the Budget Survey

- ✓ The Budget Survey is conducted at the direction of the City's Consolidated Fiscal Policy (CFP).
- ✓ The CFP directs the City to conduct a statistically valid survey to assessing the public's concerns, needs and priorities prior to the development of the biennial budget.
- ✓ It further states that the poll should be representative of Oakland's diverse population in terms of race and ethnicity, income, neighborhood, age, profession, family size, homeownership/renter-ship and other characteristics.
- ✓ The CFP states that the Budget Survey is basis and tool for the Mayor and Council to begin discussing priorities for the coming biennial budget cycle.

#### **Research Process**

| V | Budget Advisory Commission (BAC) Meeting to Determine Survey Goals |
|---|--|
|   | FM3 Drafts Survey Questionnaire                                    |
|   | BAC & Other City Stakeholders Review Questionnaire                 |
|   | Budget Bureau Approves Final Questionnaire                         |
|   |  |
|   | FM3 Conducts Survey  |
| Ш | FM3 Presents Draft Results to Mayor and Administrative Staff       |
|   | FM3 Presents Final Results to Budget Advisory Commission           |
|   | FM3 Presents Final Results to City Council                         |

### **Survey Methodology**

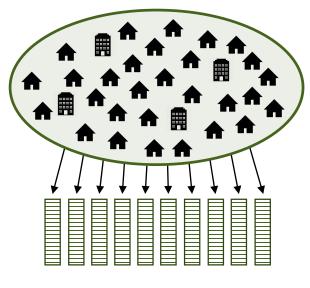

#### **Survey Specifications**

- √ 1,862 interviews with randomly selected Oakland residents conducted in English, Spanish and Chinese
- ✓ Conducted Dec. 17, 2020-Jan. 7, 2021, online and via landline/cell phones
- ✓ Participants were invited to participate by phone call, an email, or a postcard
- ✓ Margin of sampling error of ±2.8% at the 95% confidence interval (±6.3% to ±6.6% in each City Council District)
- ✓ Due to rounding, some percentages do not add up to 100%
- ✓ Selected comparisons to prior research in the city in 2018, 2017, 2015 (voters only), 2005, 2002 and 2000

#### FM3's Address-based Survey Approach

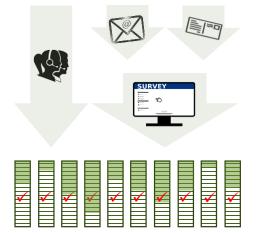

A city provides FM3 with a list of residential addresses

FM3 pulls a random sample of stratified clusters; each cluster contains residences with similar geographic characteristics (e.g., postal carrier route, zip code, city council district, etc.).

FM3 uses publicly and commercially available databases to match phone numbers and email addresses to residents living at the addresses.

FM3 contacts residents by phone, email and postcard, completing phone interviews, and inviting email/postcard recipients to take the survey online.

FM3 completes one interview in each cluster and uses <u>US Census-derived demographic quotas</u> to ensure the sample reflects the overall <u>adult</u> universe.

#### **Profile of Survey Respondents**

- The sample was designed to reflect US Census data for Cotati adults (ages 18+) by age, gender, Council District, race/ethnicity, and homeowner/renter.
- When response rates were slightly higher for any particular group (such as college-educated residents), data were weighted to match the demographics of residents 18+ in the community.
- Data were also weighted to ensure each split sample was representative.

| Demographic Group                     | Survey<br>Respondents |  |  |  |
|---------------------------------------|-----------------------|--|--|--|
| Men                                   | 47%                   |  |  |  |
| Women                                 | 50%                   |  |  |  |
| Ages 18-50                            | 55%                   |  |  |  |
| Ages 50+                              | 42%                   |  |  |  |
| White Residents                       | 30%                   |  |  |  |
| Latino Residents                      | 20%                   |  |  |  |
| African American Residents            | 25%                   |  |  |  |
| Asian/Pacific Islander Residents      | 17%                   |  |  |  |
| Residents without a college<br>degree | 47%                   |  |  |  |
| College+ residents                    | 50%                   |  |  |  |

### **Key Findings**

#### **Key Numbers**

Rate quality of life in Oakland as "excellent" or "good" – down 5 points since 2018 and 11 points since 2017

Disapprove of the City's job providing services

Rank homelessness or housing costs as the top issue they would like to see prioritized in the City's budget

Want about the same number or more police officers patrolling neighborhoods and responding to 911 calls

Want the City to prioritize having employees other than police officers to respond to nonviolent situations involving those suffering from mental illness

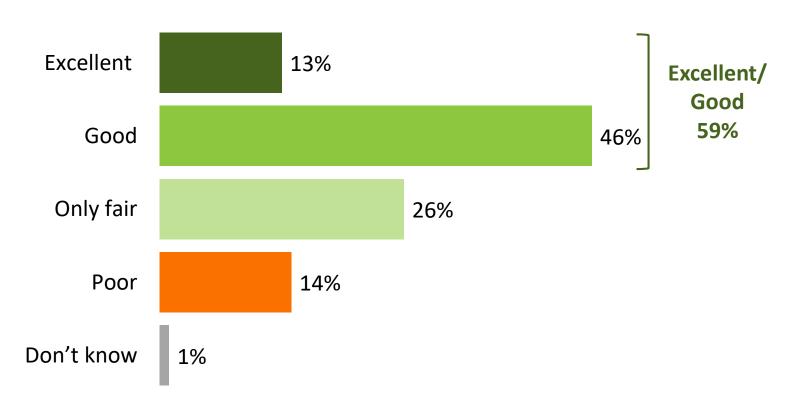

### Impressions of Life in Oakland and City Government

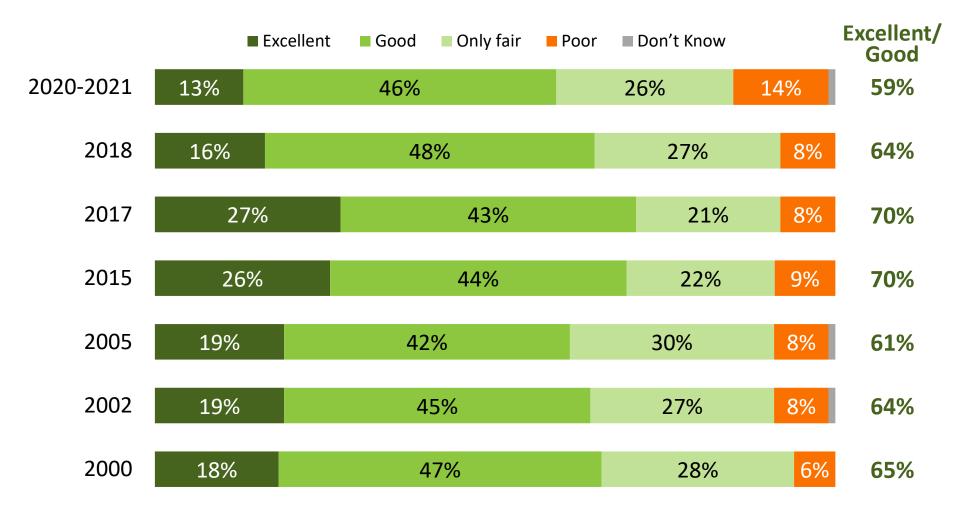

### About three in five residents rate Oakland an "excellent" or "good" place to live.

Generally speaking, how would you rate Oakland as a place to live: Is it an excellent place to live, a good place, only fair, or a poor place to live?

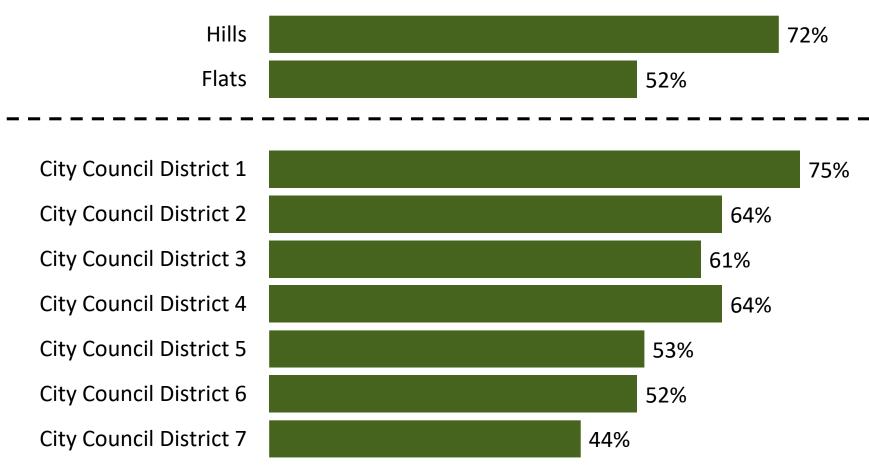

### The share who rated quality of life "poor" has grown in the last two years.

### Hills residents are much more likely to give good marks to quality of life.

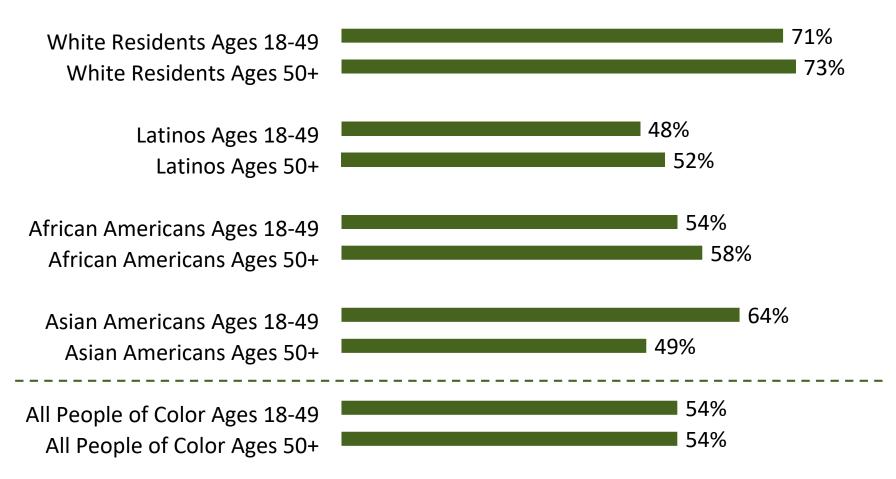

Oakland is an Excellent/Good Place to Live by Hills/Flats & City Council District

### White residents also report higher quality of life ratings.

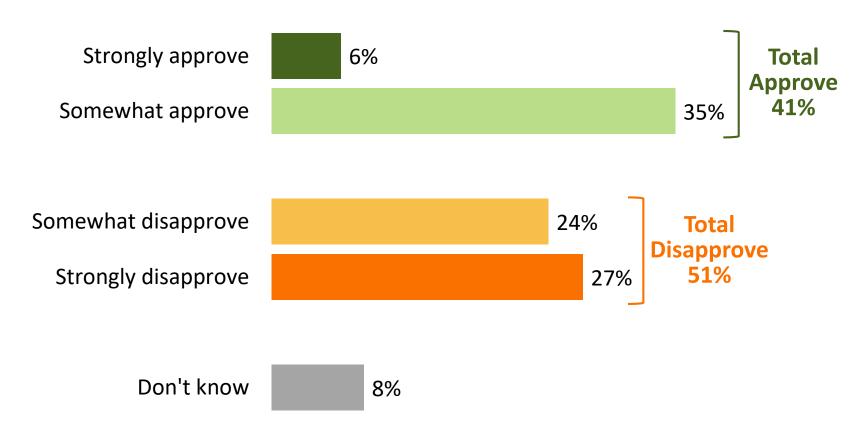

Oakland is an Excellent/Good Place to Live by Ethnicity by Age

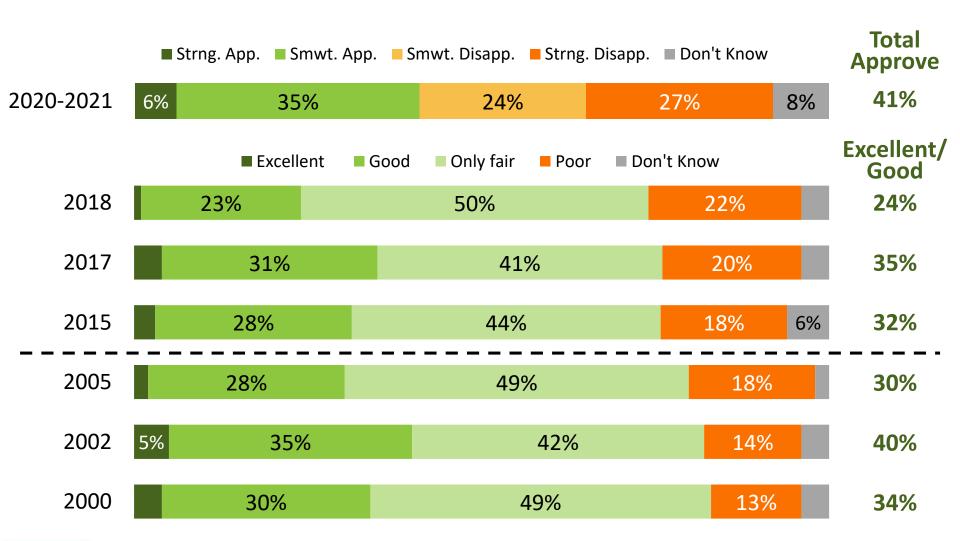

## Half disapprove of the City's work providing services to people who live here.

Do you approve or disapprove of the overall job being done by Oakland City government in providing services to the people who live here?

### While the scale is different than prior years, the level of dissatisfaction clearly increased.

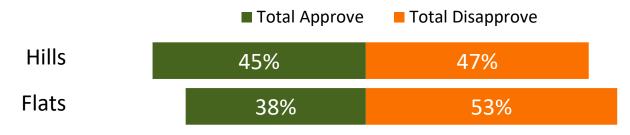

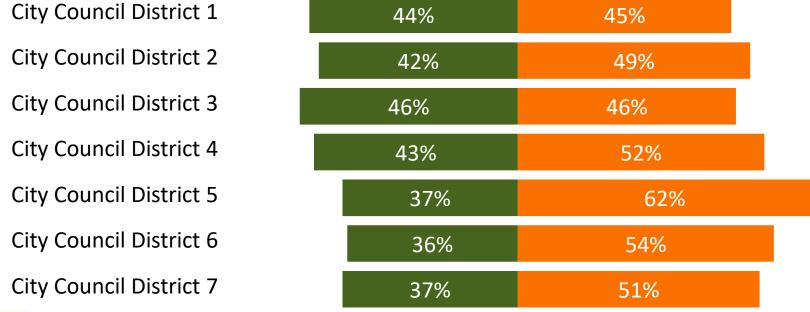

Q3. Do you approve or disapprove of the overall job being done by Oakland City government in providing services to the people who live here?

Previous Year's Survey Language: How would you rate the overall job being done by Oakland City government in providing services to the people who live here: excellent, qood, only fair or poor?

### Residents of District 5 disapprove by the broadest margin.

Approval Rating by Hills/Flats & City Council District

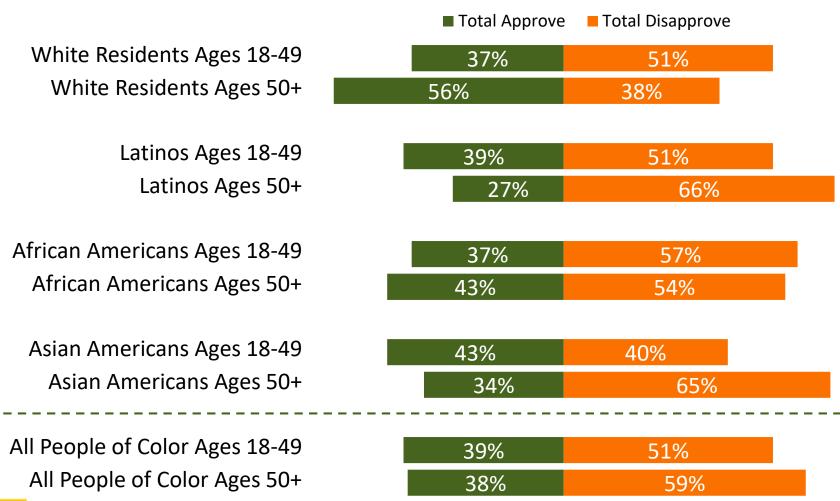

## Older white residents approve of City service provision by a comparatively wide margin.

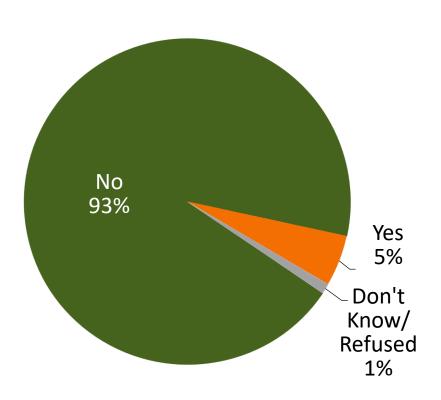

Approval Rating by Ethnicity by Age

## Five percent reported having personally been without permanent housing in the last year.

In the last year, have you been without permanent housing, that is, have you slept in a car, outdoors, or stayed temporarily with friends or family?

#### Who were most likely to lack permanent housing?

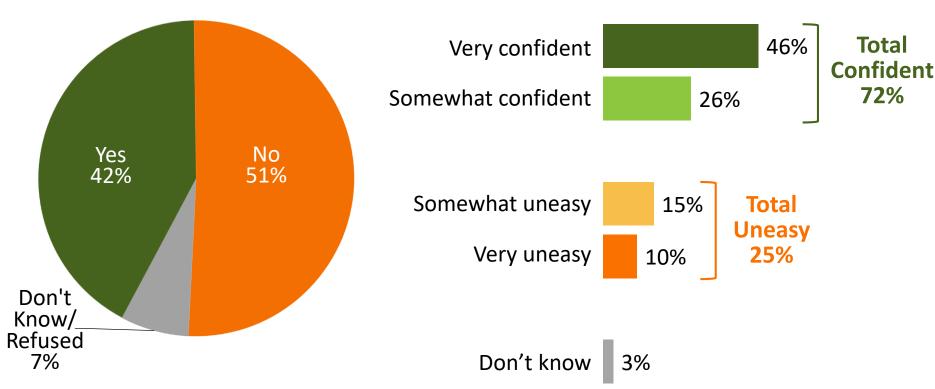

- People who know someone who has been incarcerated
- Household incomes <\$30K</li>
- African Americans under 50
- Unemployed and part-time employed residents
- Residents under 30
- 6 to 10 years residing in Oakland

# While most were confident about meeting basic living expenses, more than two in five said they are earning less due to COVID.

If it were not for the coronavirus pandemic, would you be earning more money than you are now?

Thinking about your personal financial situation over the next few months, do you feel confident or uneasy you will be able to meet your living expenses?

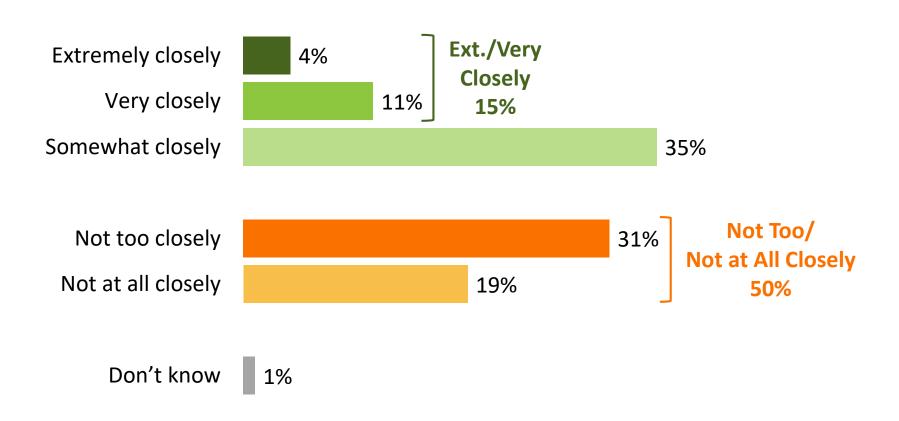

### Following the City Budget

### Relatively few said they follow the Oakland City budget closely.

How closely do you follow issues related to the Oakland City budget?

#### This was consistent with prior years.

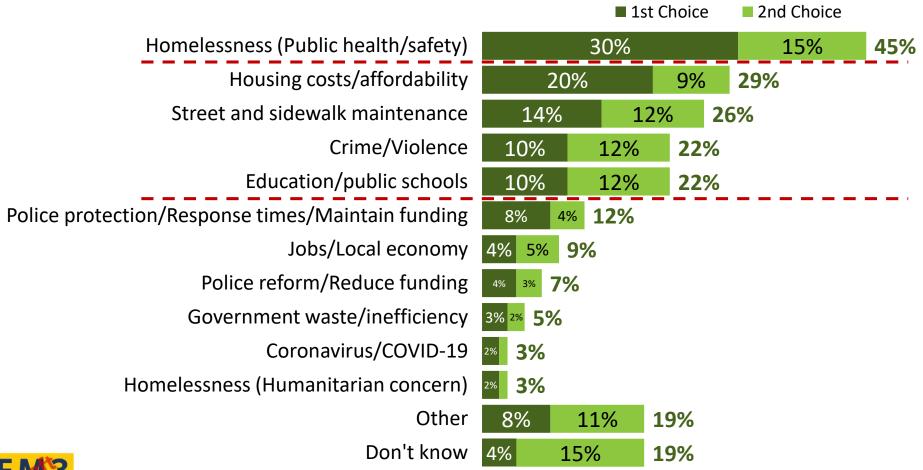

### **Specific Budget Priorities**

### Homelessness and housing were key issues that residents want to see addressed.

In the upcoming two-year budget, what are the <u>two</u> most important issues facing Oakland residents <u>that you would like to see prioritized in the City government budget</u>? (Open-Ended; 1<sup>st</sup> Choice 2% and Above Shown)

## Concerns about homelessness and street and sidewalk maintenance increased notably.

(1st Choice; 2020-2021 3% and Above Shown)

| Issues  | 2000 | 2002 | 2005 | 2015 | 2017 | 2018 | 2020-2021 |
|---|------|------|------|------|------|------|-----------|
| *Homelessness<br>(Public health/safety)               | 3%   | 4%   | 2%   | 2%   | 7%   | 22%  | 30%       |
| *Housing costs/affordability                          | 8%   | 12%  | 5%   | 10%  | 26%  | 25%  | 20%       |
| *Street and sidewalk maintenance                      | 3%   | 4%   | 4%   | 8%   | 7%   | 6%   | 14%       |
| *Crime/Violence                                       | 19%  | 26%  | 22%  | 20%  | 15%  | 11%  | 10%       |
| Education/public schools                              | 33%  | 14%  | 35%  | 17%  | 12%  | 10%  | 10%       |
| *Police protection/<br>Response times                 |      |      |      |      | 11%  | 2%   | 5%        |
| *Jobs/Local economy                                   | 5%   | 3%   | 4%   | 7%   | 4%   | 0%   | 4%        |
| Government waste/ inefficiency                        | 1%   | 1%   | 1%   | 1%   | 1%   | 1%   | 3%        |
| *Police funding (Maintain or increase police funding) |      |      |      | 10%  |      |      | 3%        |

### Next, respondents were presented with a list of services and asked to make trade-offs.

Now I am going to mention some of the services the City provides its residents. Due to the impact of COVID-19 on City revenues, this year the City will face some of the hardest choices in years about these services in order to balance its budget. After you hear each one, please tell me whether you think cuts should be made to that service in order to balance the budget, or whether you would be willing to pay additional taxes or fees maintain or improve that service.

#### Then respondents were pushed further...

*If they were...* 

*If they thought...* 

Willing to pay additional taxes or fees to maintain or improve a service

Cuts should be made to a service in order to balance the budget

They were then asked if they would be willing to pay...

They were then asked if they would you be willing to make...

Significantly more to improve that service

OR

A little more to maintain that service

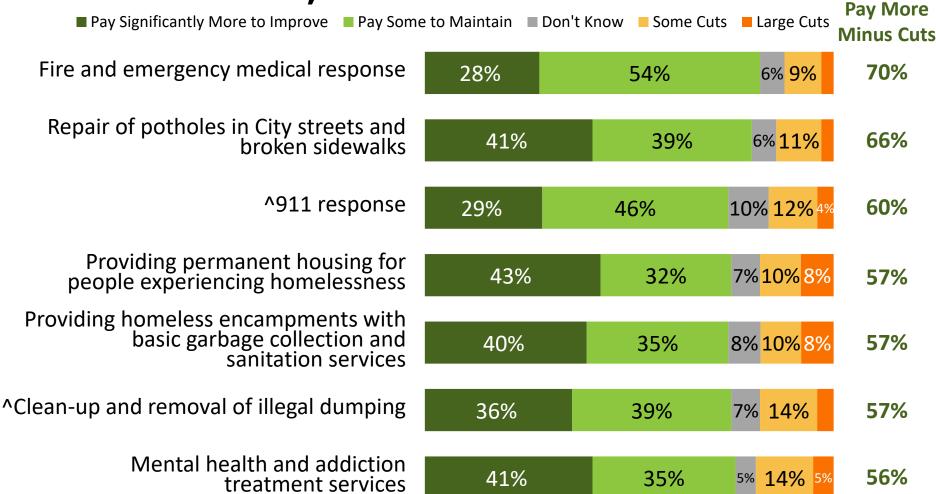

Large cuts to that service

OR

Just some cuts to that service

# Respondents were most willing to pay more for pothole repair and services for homelessness, addiction and mental health.

Q5. I am going to mention some of the services the City provides its residents. Due to the impact of COVID-19 on City revenues, this year the City will face some of the hardest choices in years about these services in order to balance its budget. Please tell me whether you think cuts should be made to that service in order to balance the budget, or whether you would be willing to pay additional taxes or fees to maintain or improve that service. Not Part of Split Sample

# Services and programs dealing with housing affordability and homelessness were key places where people were willing to pay More

■ Pay Significantly More to Improve ■ Pay Some to Maintain ■ Don't Know ■ Some Cuts ■ Large Cuts **Minus Cuts** Providing homelessness prevention 55% services that target those most at risk 44% 30% 7% 11% 8% of homelessness Providing new affordable housing for low-income households 55% 8% 12% 7% 39% 35% Providing temporary shelter, such as cabin communities, mobile housing, and traditional shelter beds to **53%** 40% 33% 7% 13% 8% homeless populations ^Violence prevention and **53%** 10% 14% 34% 38% intervention services 52% Youth violence prevention services 34% 38% 8% 14% **52%** Childcare and Head Start programs 32% 8% 13% 7% 40% Preserving existing affordable housing for low-income households 51% 38% 34% 7% 12% 8%

Q5. I am going to mention some of the services the City provides its residents. Due to the impact of COVID-19 on City revenues, this year the City will face some of the hardest choices in years about these services in order to balance its budget. Please tell me whether you think cuts should be made to that service in order to balance the budget, or whether you would be willing to pay additional taxes or fees to maintain or improve that service. Not Part of Split Sample

## Pluralities wanted to maintain spending on youth and senior programs, fire prevention, and public park and building maintenance.

■ Pay Significantly More to Improve ■ Pay Some to Maintain ■ Don't Know ■ Some Cuts ■ Large Cuts

Pay More

| ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,                               |     |     |     | 0 - 1 - 1 | Minus Cuts |
|---|-----|-----|-----|-----------|------------|
| ^Job training and employment programs                                 | 30% | 40% | 8%  | 16% 7%    | 47%        |
| ^Youth programs at City parks and recreation centers                  | 28% | 42% | 7%  | 18% 59    | 47%        |
| ^Fire prevention  | 20% | 49% | 8%  | 17% 5%    | 47%        |
| Programs to retain Oakland businesses                                 | 27% | 41% | 8%  | 16% 6%    | 45%        |
| Maintenance of public buildings like libraries and recreation centers | 19% | 47% | 7%  | 21% 59    | 40%        |
| Maintenance of public parks   | 18% | 48% | 6%  | 24% 59    | 38%        |
| Disaster preparedness   | 19% | 44% | 11% | 20% 6%    | 37%        |
| Programs at senior centers  | 18% | 46% | 8%  | 21% 6%    | 37%        |

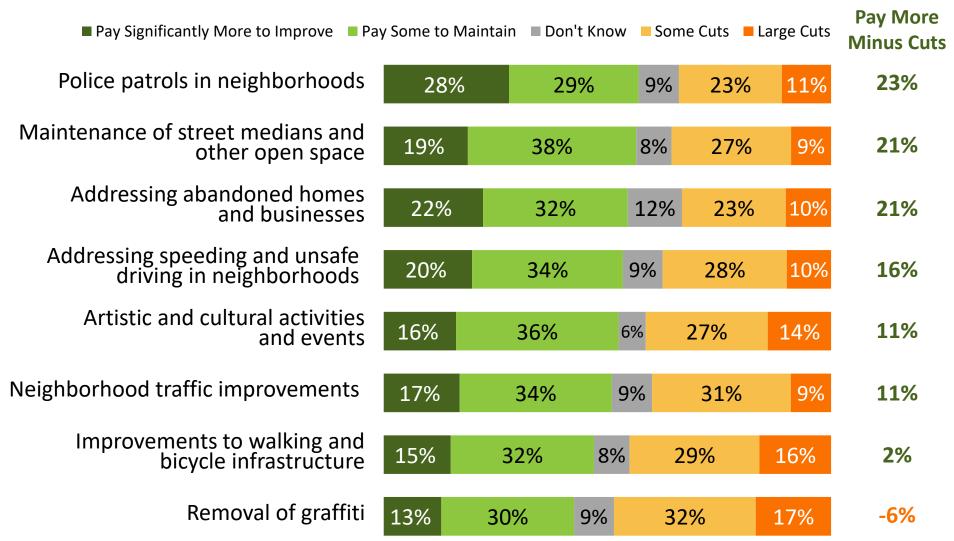

## Larger shares (but short of majorities) were willing to see cuts to libraries, street lighting and flood prevention.

**Pay More** ■ Pay Significantly More to Improve ■ Pay Some to Maintain ■ Don't Know ■ Some Cuts ■ Large Cuts **Minus Cuts** Youth restorative justice 35% 26% 34% 15% 18% Enforcement of rent control and 11% 18% 35% 26% 36% 9% habitability standards Reducing and preparing for 33% 28% 33% 11% 19% 10% climate change Providing services that support tenants, including anti-eviction 30% 32% 9% 18% 11% 33% programs, tenant legal services, and education Police investigations to solve crimes 32% 26% 9% 20% 10% 36% Library services and hours 30% 16% 23% 8% 8% 45% Flood prevention and storm drain 13% 44% 12% 27% 26% maintenance Street lighting in your neighborhood 15% 42% 9% 25% 9% 24%

### More are willing to cut graffiti removal than pay more for it.

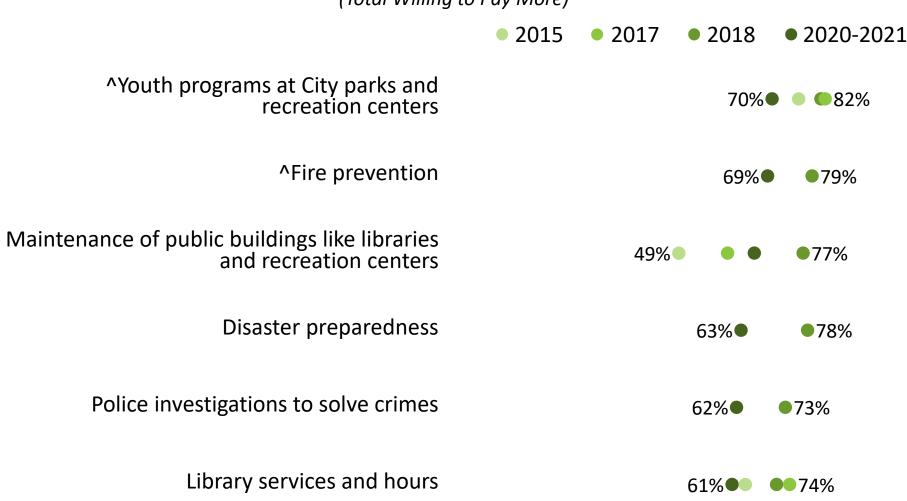

## Another way to rank priorities is by the broadest willingness to cut or pay more.

| Willing to Make Large/Some Cuts                               |
|---|
| Removal of graffiti (49%)                                     |
| Improvements to walking and bicycle infrastructure (45%)      |
| Artistic and cultural activities and events (41%)             |
| Neighborhood traffic improvements (40%)                       |
| Addressing speeding and unsafe driving in neighborhoods (38%) |
|   |
|   |
|   |
|   |

## Willingness to pay more decreased by 10 points or more on a variety of services.

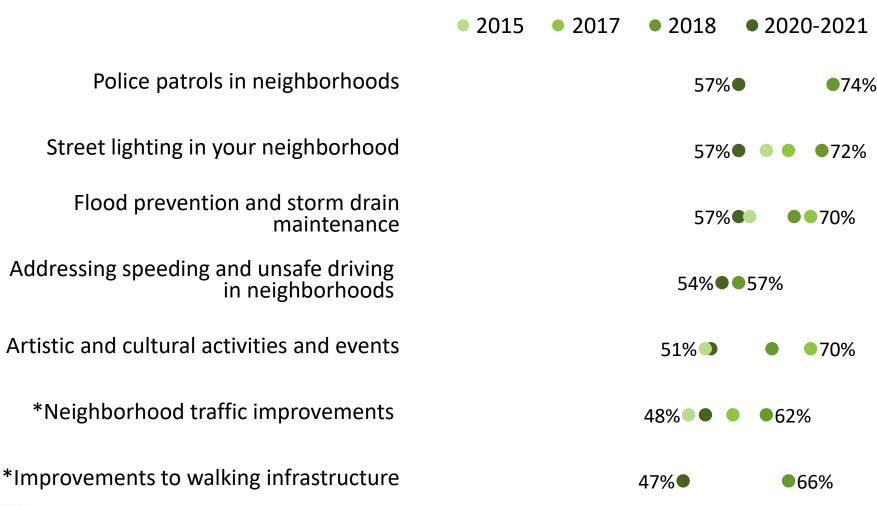

(Total Willing to Pay More)

## Notably, willingness to pay more for police patrols dropped 17 points.

(Total Willing to Pay More)

## Items with Less than 10% Change in the Share Willing to Pay More

| ltem  | ltem                                      |
|---|---|
| Fire and emergency medical response                     | Programs to retain Oakland businesses     |
| Repair of potholes in City streets and broken sidewalks | Programs at senior centers                |
| Clean-up and removal of illegal dumping                 | Reducing and preparing for climate change |
| 911 response  | Addressing abandoned homes and businesses |
| Violence prevention and intervention services           | Improvements to bicycle infrastructure    |
| Childcare and Head Start programs                       | Removal of graffiti                       |
| Job training and employment programs                    |   |

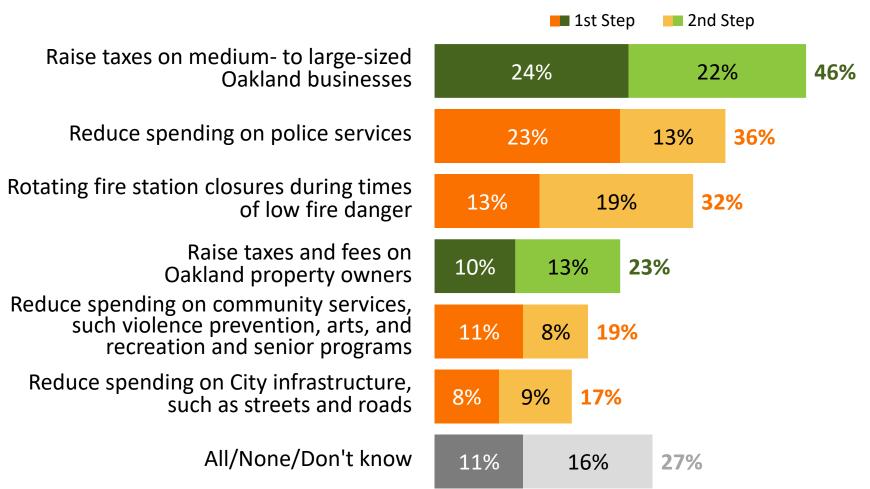

## Next, respondents were asked to weigh potential steps to address budget shortfalls.

Over the next couple of years, the City of Oakland will face tens of millions of dollars in budget shortfalls due to the economic impacts of the coronavirus pandemic. Unfortunately, to keep a balanced budget, the City will have to raise taxes and fees and/or make cuts to City services. Please listen carefully, as I am going to read you six potential options, and I would like you to tell me which you feel should be the City's first step to keep a balanced budget.

# About two in five each wanted to raise taxes on medium and large businesses or reduce police spending as a first step.

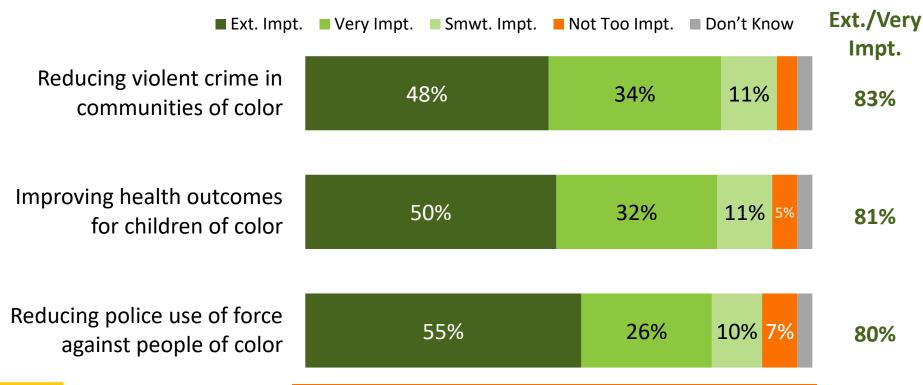

### **Race and Equity**

# Reducing violent crime and police use of force in communities of color are key priorities.

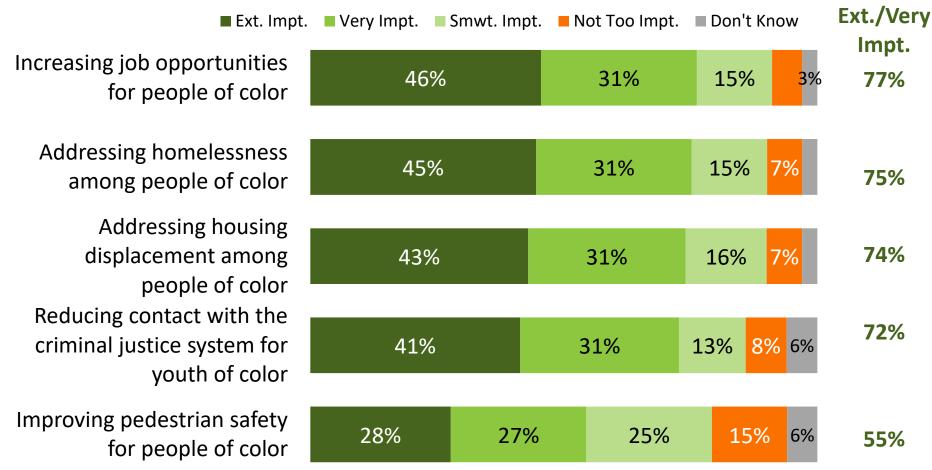

Through its budget, the City can implement the equity principle of "fair and just" through targeted investment in African American, Latino, Asian or Pacific Islander, American Indian or Native American communities that are impacted by racial disparities. I am going to read you a list of different categories of City programs and services, and I would like you to tell me whether you think it is extremely important, very important, somewhat important, or not too important to invest in improving outcomes for each one.

Note: This ranking is very similar to prior years.

# A lower priority relative to these others is improving pedestrian safety for people of color.

Q6. Through its budget, the City can implement the equity principle of "fair and just" through targeted investment in African American, Latino, Asian or Pacific Islander, American Indian or Native American communities that are impacted by racial disparities. I am going to read you a list of different categories of City programs and services, and I would like you to tell me whether you think it is extremely important, very important, somewhat important, or not too important to invest in improving outcomes for each one.

### **Policing and Public Safety**

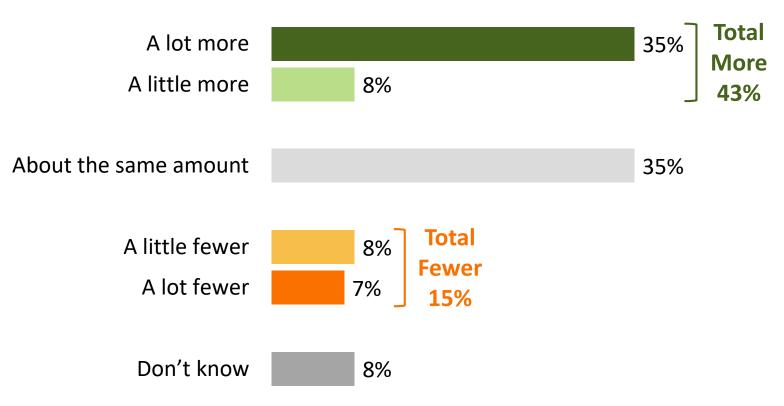

The survey asked several questions specific to policing and public safety's impact on the budget. These results, along with results from prior questions relevant to this topic, are included on the next slides.

# A plurality of respondents wanted to see more police patrols and more than one-third wanted to see about the same amount.

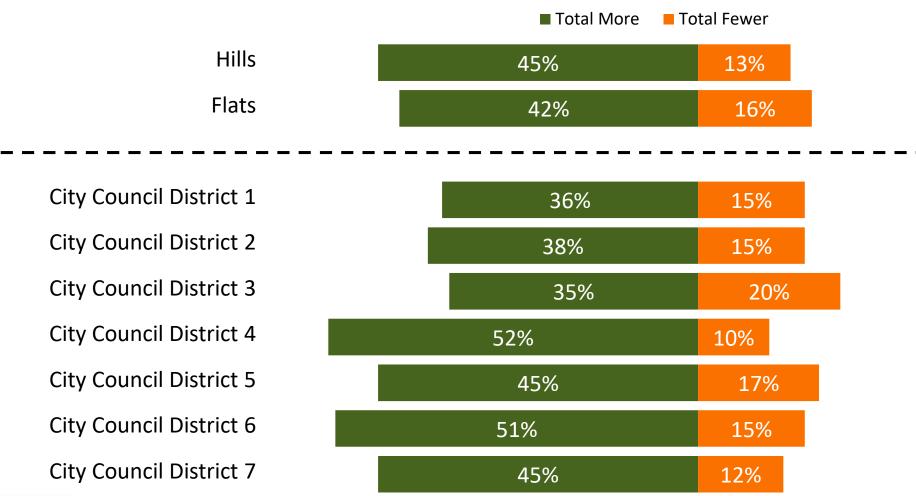

Independent of the City's budget situation, do you feel the City should provide more or fewer police officers patrolling neighborhoods and responding to 911 calls, or should they keep patrols at about the same amount?

## Broad pluralities in each Council district prefer more officers to fewer.

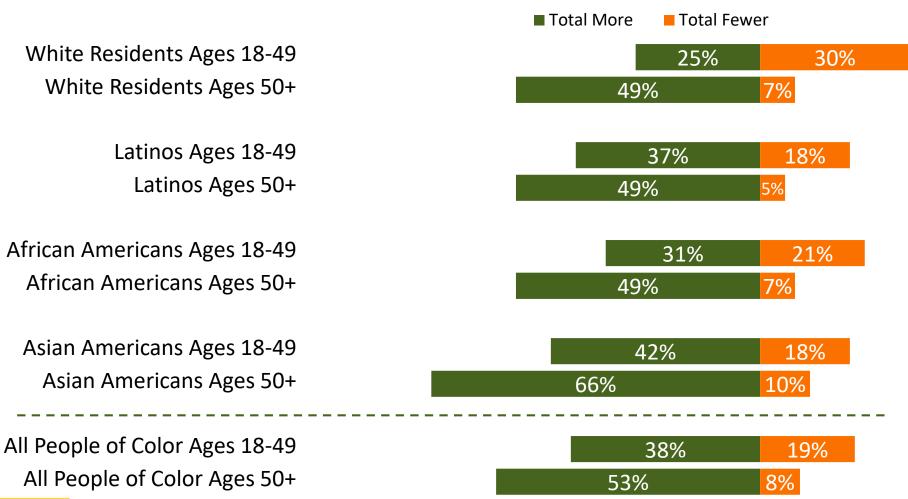

More or Fewer Officers Patrolling and Responding to 911 by Hills/Flats & City Council District

## White residents under 50 prefer fewer officers by a narrow margin.

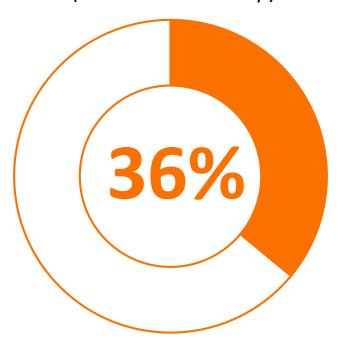

More or Fewer Officers Patrolling and Responding to 911 by Ethnicity by Age

## Those most willing to see reduced spending on police are younger, white and Latino.

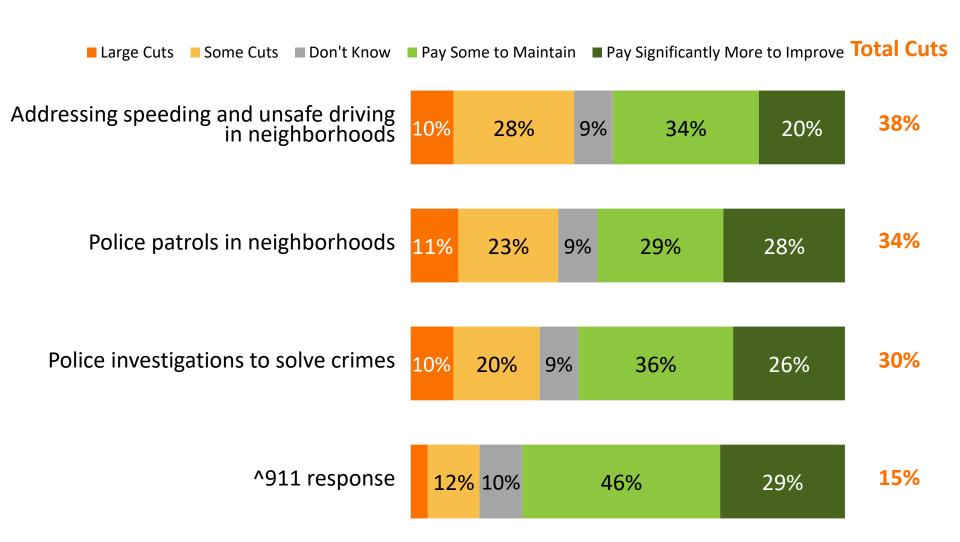

Reduce Spending on Police Services (First or Second Step)

| Demographic Groups                    | Reduce Spending on Police Services | % of<br>Sample |
|---------------------------------------|------------------------------------|----------------|
| All Voters                            | 36%                                | 100%           |
| Lived less than 5 years in<br>Oakland | 57%                                | 14%            |
| Ages 18-29                            | 56%                                | 13%            |
| White residents under 50              | 53%                                | 11%            |
| Women under 50                        | 50%                                | 38%            |
| Ages 30-39                            | 50%                                | 25%            |
| Lived 6 to 10 years in Oakland        | 49%                                | 15%            |
| Latinos under 50                      | 48%                                | 16%            |
| Residents under 50                    | 47%                                | 55%            |
| Know someone incarcerated             | 47%                                | 5%             |
| Council District 3                    | 46%                                | 15%            |

## Nearly two in five said they would accept cuts to addressing speeding and unsafe driving.

# Respondents wanted someone other than police to respond to nonviolent situations with people suffering from mental illness.

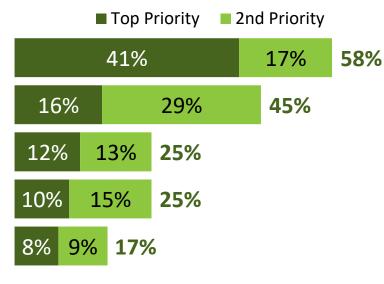

I am going to read you a list of different situations in which the City could have employees other than police officers respond to in the near future. I would like you to tell me which you feel should be the City's top priority for having employees other than police officers respond.

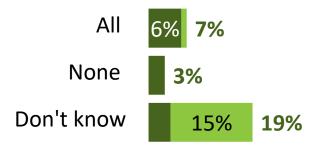

Nonviolent situations involving those suffering from mental illness Nonviolent situations involving homeless residents

Public nuisance complaints, such as noise

Nonviolent domestic disturbances

Speeding and traffic enforcement

### **Conclusions**

#### **Conclusions**

- ✓ Quality of life continues a decline from 2017. For the first time since we have begun surveying, the share who rate it "excellent" or "good" is below 60%.
- ✓ Half disapprove of the City's provision of services overall.
- ✓ Residents want the City to focus on housing and homelessness; it's their top priority for the City in an open-ended question, and these priorities are frequently reflected in the list of the City priorities people say they are most willing to "pay more to improve."
- ✓ Crime, street and sidewalk repairs, and education are also key concerns.
- ✓ Very few pay attention to the City budget.
- ✓ In general, residents do not have enthusiasm for potential budget cuts. But in a relative ranking, graffiti removal, traffic improvements, and cultural events have the most residents willing to see cuts.
- ✓ Given the choice, the two most popular "first steps" for balancing the budget are raising medium and large business taxes and reducing spending on police services.
- ✓ Large majorities support City investments to address racial disparities.

### **Conclusions – Policing and Public Safety**

- ✓ Views of funding for police and public safety services appear complex.
- ✓ 36% of residents said that "reducing spending on police services" should be the
  first or second step to addressing the City's budget shortfall, and similar
  proportions indicated they would be willing to accept large or small cuts to
  "police investigations to solve crimes;" "police patrols in neighborhoods;" and
  "addressing speeding and unsafe driving in neighborhoods."
- ✓ However, 78% want to maintain or increase police staffing levels, include 43% who feel the City should provide <u>more</u> police officers patrolling neighborhoods and responding to 911 calls, and majorities indicated they would be willing <u>to pay more</u> to maintain or improve the same policing service areas.
- ✓ These results suggest that while substantial proportions of residents support making cuts to police services (either to address budget shortfalls or potentially for other policy reasons), even greater numbers of residents want to see those services maintained or even expanded. And age appears to be a key factor in those perceptions (younger residents are more open to police spending cuts).
- ✓ One area of agreement does appear to be a desire to <u>not</u> have police officers respond to nonviolent situations with those suffering from mental illness.

### **Miranda Everitt**

Miranda@FM3research.com

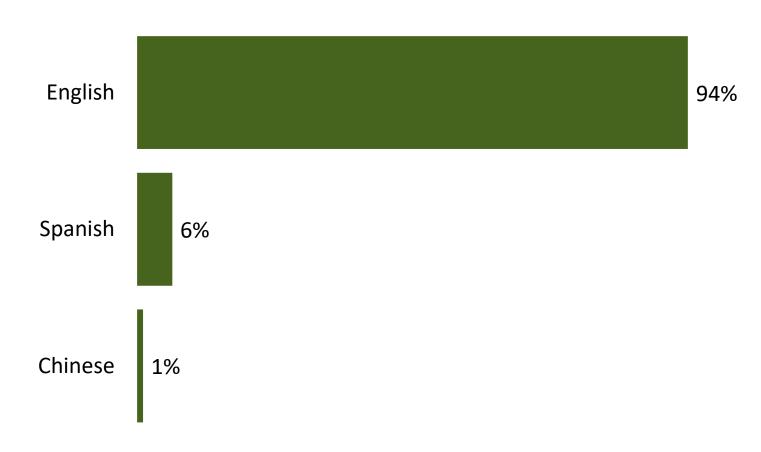

### **Appendix**

### **Profile of Survey Respondents**

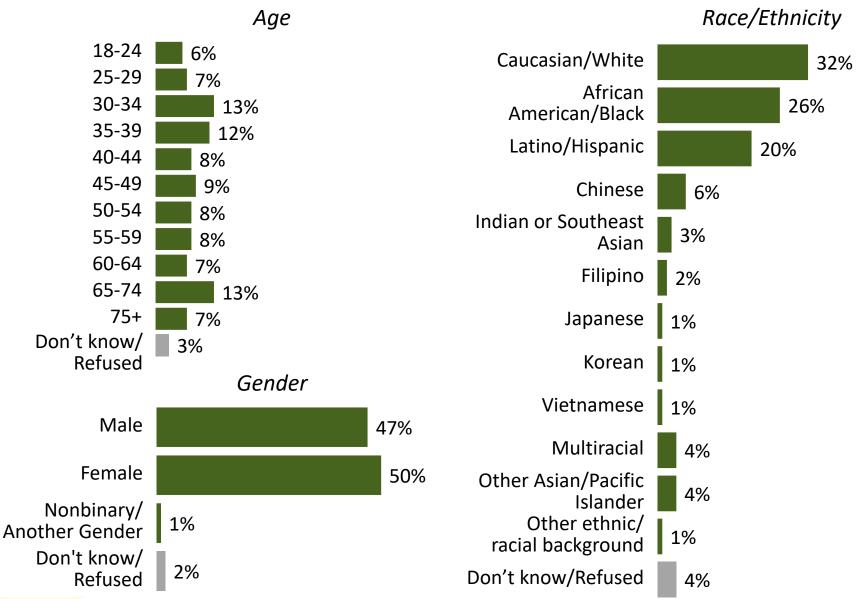

## Seven percent of the interviews were conducted in a language other than English.

Language of Interview

#### Age, Race/Ethnicity, and Gender

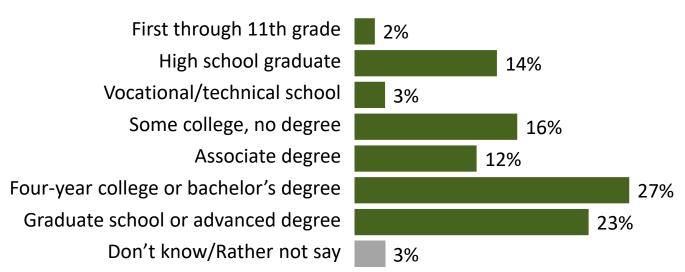

QB, QC & QD.

#### **Education and Household Income**

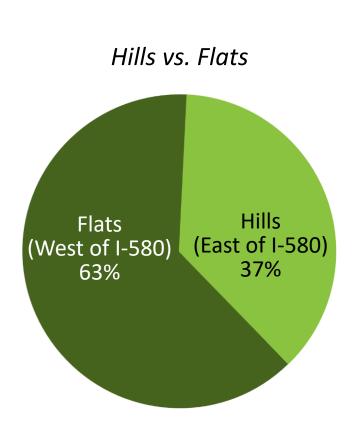

#### Household Income

### We also categorized respondents as living in the "flats" west of I-580, or the hills.

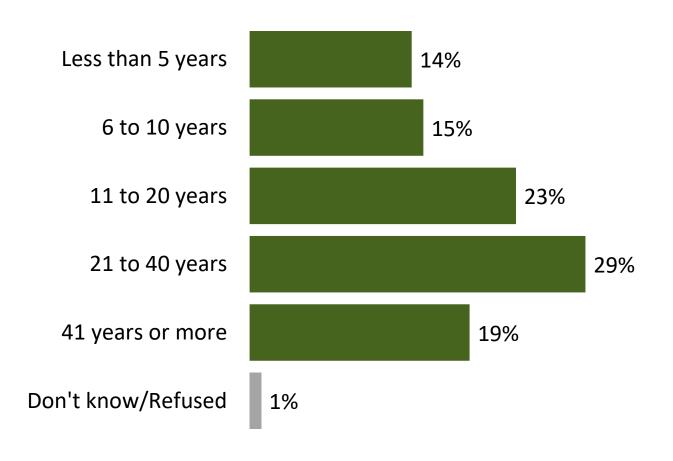

## About half of respondents have lived in the city for at least 20 years.

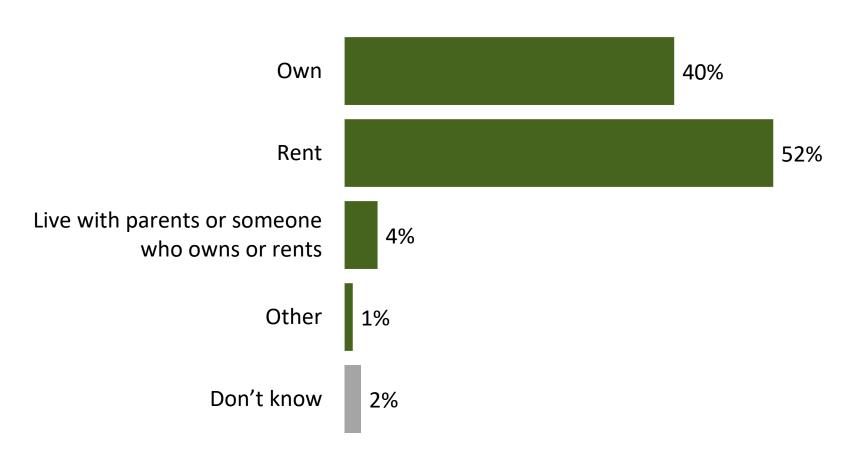

About how long have you lived in Oakland?

#### Just over half were renters.

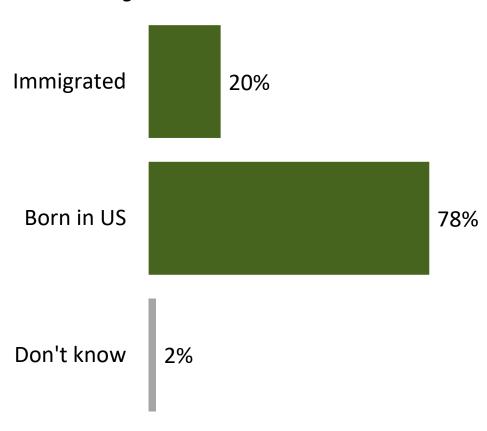

Do you own or rent your home?

## One in five Oakland residents have immigrated to the United States.

Were you born in the United States or did you immigrate to the United States?

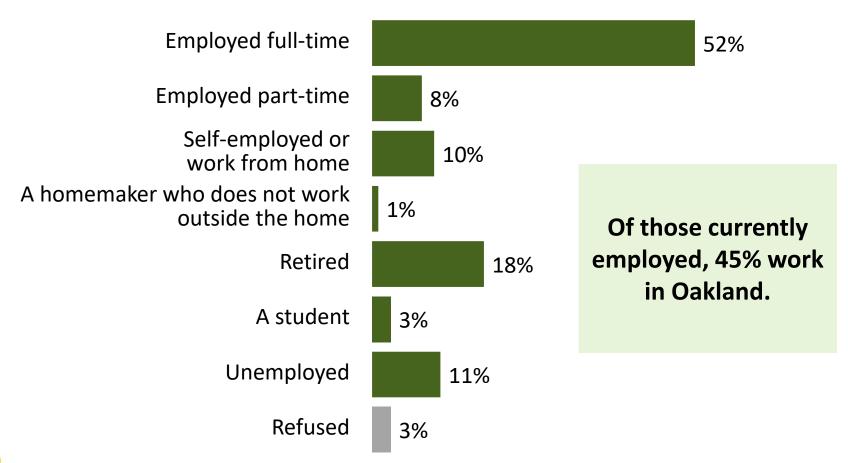

#### Who Are Oakland's Immigrants?

- Non-voters
- Asian/Pacific Islander residents, particularly Chinese residents
- Latinos ages 50+

## About half were employed full time, and nearly one in five were retired.

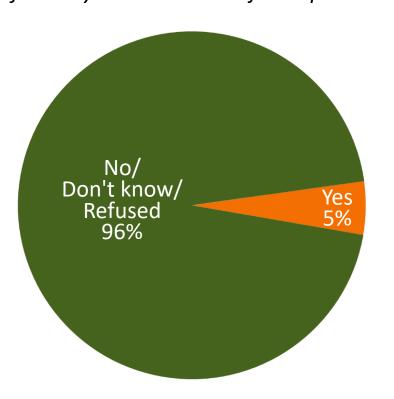

What is your current employment status?

## Five percent had a close tie to a currently or formerly incarcerated person.

Is anyone in your household currently or formerly incarcerated in jail or prison?

### Who Has a Close Tie to an Incarcerated Person?

- Housing insecure in the last year
- High school educated
- Household income under \$60K
- Residents under 30
- Latinos under age 50

#### INFORMATIONAL REPORT

**TO:** Edward D. Reiskin **FROM:** Margaret L. O'Brien

City Administrator Director of Finance, Interim

**SUBJECT:** Budget Deficit Closure Actions **DATE:** January 19, 2021

City Administrator Approval Date: Jan 21,2021

#### **RECOMMENDATION**

Staff Recommends That City Council Receive An Informational Report Regarding I) Responses to questions raised during the December 7, 2020, Finance & Management Committee Meeting related to the Fiscal Year (FY) 2019-20 Fourth Quarter and FY 2020-21 First Quarter Revenue & Expenditure (R&E) Report; II) Information regarding the December 20, 2020 Budget Shortfall Closure Actions Memo, specifically addressing who was involved in determining the actions, on what basis, and who has authority to make these reductions; and, III) Information regarding all funds budget status and projections.

#### **EXECUTIVE SUMMARY**

Oakland is experiencing a significant reduction in local tax revenues, coupled with increased expenditures, due to the impact of COVID-19 and shelter-in-place orders that first went into effect in March 2020. The shelter-in-place has negatively impacted various local tax revenues, including transient occupancy taxes, sales taxes, and other revenue generating activities, including parking garage revenues, parking meters, fines & penalties, and service charges, all of which endanger the City's long-term financial sustainability and capacity to deliver services to the community.

After closing a \$122 million budget gap last summer, analysis provided to the Council last month indicated that, absent corrective actions, the General Purpose Fund (GPF) was projected to have a \$62.3 million deficit by June 2021. Revised deficit estimates will be presented following the receipt and analysis of second quarter data (through December 31, 2020), which is customarily presented at the second Finance & Management Committee Meeting in late February. Preliminary indications show that, the FY 2020-21 year-end deficit, absent corrective actions, will be even greater than the \$62.3 million presented at the Fourth/First Quarter Revenue & Expenditure report, driven by a reinstatement of shelter-in-place restrictions and continued, severe revenue declines.

The City Charter provides the City Council with the authority to appropriate funds and the City Administrator to "control and administer the financial affairs of the City." In execution of that responsibility, the Administration acted to reduce **\$29 million** in GPF expenditures for the remainder of FY 2020-21. This administrative action is comprised of various service reductions

and other cost-cutting measures, including employee compensation concessions for unrepresented employees, release of part-time employees, reductions to police and fire overtime, hiring freezes, and further elimination of carryforward appropriations. Adjusting for these \$29 million cost savings, the City's remaining GPF deficit is projected to be approximately \$33.3 million. It is important to note that a more robust cost savings analysis of the administrative actions will need to be performed with the Second and Third Quarter R&E reports (February and May 2021, respectively) after the actions have been sufficiently implemented. It is possible that these \$29 million in administrative actions will not fully materialize. Any deviation from the City Administrator's service reductions in the GPF will reduce the projected cost savings in FY 2020-21 and will increase the deficit in the GPF.

Development of the FY 2021-23 Proposed Budget is currently underway. Based on preliminary analysis, the operating deficit in the GPF is approximately **\$81.3 million** in FY 2021-22 (Year 1) and is approximately **\$68.5 million** in FY 2022-23 (Year 2), for a combined two-year GPF budget gap of \$149.8 million. Importantly, these preliminary operating deficits are in addition to the remaining GPF deficit of \$33.3 million in FY 2020-21 (after administrative balancing actions of \$29 million).

In sum, the magnitude of these financial challenges cannot be ignored or dismissed and require deliberate and decisive action. While all actions that impact City services and City employees are painful, delaying action will result in more severe impacts on City services and employees.

#### **BACKGROUND / LEGISLATIVE HISTORY**

In the months following the announcement of the first shelter-in-place order, the City Administrator took the following actions in response to projected financial pressures in FY 2019-20:

- Instituted a selective hiring freeze;
- Released temporary part-time employees; and,
- Suspended the OPEB Trust contribution (which funds retiree healthcare benefits the City has obligated itself to provide to retired City employees) and various transfers.

On June 23, 2020, the City Council adopted the FY 2020-21 Midcycle Amendment (Resolution No. 88174 C.M.S.) with GPF revenues and expenditures of \$644.09 million and all funds revenues and expenditures of \$1.71 billion<sup>1</sup>. The GPF budget was balanced without concessions from labor unions through the following high-level actions:

- Froze 60.20 positions (\$9.08 million savings);
- Transferred 60.66 positions out of the GPF (\$10.25 million savings);
- Civilianized 11 existing Oakland Police Department (OPD) positions (\$0.68 million savings);

<sup>&</sup>lt;sup>1</sup> In advance of the City Council's adoption of the Midcycle Amendment, the Administration provided an alternative, pessimistic revenue scenario. In hindsight, it appears that scenario was more accurate than what was adopted.

- Eliminated GPF O&M budgets (\$7.58 million savings);
- Suspended OPEB Trust Contribution (\$4.10 million savings);
- Suspended and re-amortized negative fund repayment (\$1.96 million savings);
- Budgeted FEMA reimbursements (\$3.59 million savings);
- Budgeted CARES Act allocations (\$5.50 million savings); and,
- Used 100% of remaining rainy day reserve (\$14.65 million in 2020-21).

On July 28, 2020, the City Council amended the FY 2020-21 Midcycle Budget (Resolution No. 88269 C.M.S.) to include additional policy directions related to OPD expenditures by creating the Reimagining Public Safety Taskforce to create a plan to dramatically shift resources from enforcement and punishment to prevention and wellness for integration in the Fiscal Year 2021-23 Budget.

On the same date, the City Council adopted Resolution 88274 C.M.S., accepting \$36.99 million of CARES Act funding, clarifying CARES Act expenditures and waiving competitive bid process to ensure that CARES Act funds were spent by the December 31, 2020 deadline.

On December 7, 2020, staff presented to City Council the unaudited year-end revenues & expenditures for FY 2019-20, showing a GPF deficit of \$30.42 million. The R&E results demonstrated that the administrative actions taken in April 2020 were insufficient to curtail increasing expenditures and declining revenues as a result of the pandemic. Public safety response to public protests in June 2020 and a reduction in sales tax revenue due to business shutdowns further exacerbated the FY 2019-20 GPF deficit.

| (\$ in millions)                         |                                    |
|--|------------------------------------|
| GENERAL PURPOSE FUND (1010)              | FY 2019-20 Q4<br>Unaudited Actuals |
| Beginning Fund Balance - Audited         | \$97.86                            |
| Revenue                                  | \$630.92                           |
| Expenditures                             | \$683.25                           |
| Estimated Year-end Surplus/(Shortfall)   | \$(52.33)                          |
| Subtotal Fund Balance                    | \$45.53                            |
| FY19-20 / FY20-21 Obligated Fund Balance | \$(25.28)                          |
| Designated / Mandated Reserves           | \$(50.67)                          |
| Estimated Ending Available Fund Balance  | \$(30.42)                          |

At the same meeting, the City Council received a FY 2020-21 First Quarter R&E report showing a projected GPF deficit of \$31.87 million. Absent corrective action, the year-end GPF balance at the first quarter was projected to be negative \$62.29 million.

(\$ in millions)

| (\$ III IIIIII   1   1   1   1   1   1   1 |                           |  |  |
|--|---------------------------|--|--|
| Description                                | Q1 FY 2020-21<br>Forecast |  |  |
| FY 2020-21 Beginning Fund Balance          | \$(30.42)                 |  |  |
| Revenue                                    | \$630.46                  |  |  |
| Expenditure                                | \$662.33                  |  |  |
| Estimated Year-end Surplus/(Shortfall)     | \$(31.87)                 |  |  |
| Projected FY 2020-21 Year-End Balance      | \$(62.29)                 |  |  |

On December 20, 2020, the City Council received an informational report outlining the City Administrator's actions as follows:

(\$ in millions)

| General Personnel and Spending Cuts                                | \$9.0  |
|--|--------|
| Hiring freeze  | \$5.4  |
| Release temporary staff  | \$1.0  |
| Further reduce unspent funds carried forward from last fiscal year | \$2.0  |
| Pay reductions for staff not represented by a labor group          | \$0.5  |
| Freeze discretionary spending                                      | \$0.1  |
| Public Safety Reductions   | \$20.0 |
| Police—reduction in overtime, specialized units, programs          | \$15.0 |
| Fire—reduction in overtime   | \$5.0  |
| TOTAL  | \$29.0 |

It is important to note that a more robust cost savings analysis of the administrative actions will need to be performed with the Second and Third Quarter R&E reports (February and May 2021, respectively) after the actions have been sufficiently implemented. It is possible that these \$29 million in administrative actions will not fully materialize. Any deviation from the City Administrator's service reductions in the GPF will reduce the projected cost savings in FY 2020-21 and will increase the deficit in the GPF.

#### **ANALYSIS AND POLICY ALTERNATIVES**

#### **Case Studies on the Consequences of Delayed Action**

The following high-profile cases provide valuable and important lessons of what may happen if the current financial condition was left unchecked or more precisely if the Administration did not take immediate action to ensure the City's fiscal solvency.

#### Case Study #1, Oakland Unified School District ("OUSD"):

After years of overspending and financial mismanagement, OUSD requested the largest school bailout in California history in 2003. While the Superintendent at the time was credited with improving academic performance and decreasing teacher turnover by issuing a 24% pay raise, he was accused of ignoring the financial challenges raised by his staff.<sup>2</sup> Special education programs and cafeteria costs were being funded out of the District's reserve, all while revenue was decreasing due to declining enrollment numbers. The school board claims to have been blindsided due to a lack of transparency from staff and an accounting error that masked the size of the deficit.<sup>3</sup> The State issued a \$100 million loan and assumed control of the District for six years. The District is still paying off this loan today.

#### Case Study #2, City of San Bernardino:

After years of unsustainable fiscal practices and overspending, the city of San Bernardino entered into a four-year long bankruptcy in 2012. Leading up to the Great Recession, the city experienced an influx in population and a greater demand for services.<sup>4</sup> The number of city employees grew along with the associated personnel costs which included very generous retirement benefits that were negotiated with the City's seven labor unions. "San Bernardino's overall treatment of its workforce relative to retirement benefits up to and into the recession remained quite generous, despite the disquieting flow of red ink on the city's balance sheet."<sup>5</sup>

Fiscal mismanagement and a misinformed council are also to blame. Included in the decision<sup>6</sup> by the US Bankruptcy Court, C.D. California, Riverside Division granting the City of San Bernardino bankruptcy case:

"While the financial crisis deepened, the City's finance department, either because it was understaffed or because it was incompetent (or both), fell behind in providing basic accounting records for the City, including bank reconciliations. The financial picture for the City was blurred at best and the City was sliding toward severe cash flow problems.

A major change in City personnel from late December 2011 through May 2012 awakened the Common Council to the full import of the impending financial crisis... [The new Finance Director] determined that the budget projection for 2012–13 resulted in a \$45.9 million cash deficit with no general fund reserves; the cash balances for the prior two fiscal years had been overstated; the beginning cash deficit for the next fiscal year was over \$18.2 million; and the City did not have enough unrestricted cash or reserves to pay its current financial obligations due and those obligations to become due beginning in July 2012, and continuing indefinitely."

<sup>&</sup>lt;sup>5</sup> https://gspp.berkeley.edu/assets/uploads/research/pdf/Rosenthal-Working-Paper-Exuberance.Bankruptcy.pdf

<sup>&</sup>lt;sup>6</sup> City of San Bernardino Eligibility Opinion

#### Case Study #3, City of Vallejo:

In 2008, Vallejo became the largest city in California to declare bankruptcy. Economic events related to the shutdown of the City's naval base and the closure of a few major businesses put the City's finances in a precarious position, unable to withstand further revenue loss during the Great Recession.

The City took drastic action, reducing its workforce, and eliminating nonessential services. It "cut hours and staffing at facilities (e.g., the senior center, the library, and parks systems), and increasingly deferred infrastructure upkeep (like street maintenance and city-fleet vehicles repair and replacement)." The substantial reductions were not enough to overcome the \$16 million deficit. Negotiations with the labor unions were unsuccessful, with the police and fire unions claiming that "any further cuts would endanger public safety as well as the safety of the police and firefighters." At the time, Vallejo spent "74 percent of its \$80 million general fund budget on public safety salaries, significantly higher than the state average." Without labor concessions. filing for bankruptcy was the only option.

#### Case Study #4, City of Stockton:

Following the 2008 the City of Vallejo bankruptcy, the California legislature adopted AB506 to prohibit a local government from filing for bankruptcy unless they had participated in a "neutral evaluation process" with interested parties (e.g., creditors, parties to labor contracts), or the declared a fiscal emergency which includes findings that the emergency jeopardizes the health, safety, or well-being of residents.

In February 2012, the Stockton City Council initiated the AB506 process in an attempt to prevent insolvency and bankruptcy. Stockton opted to pursue the evaluation after an assessment of its financial condition determined that the city was unable to fund current service levels, much less fund its deferred maintenance costs, liabilities, and adequate reserves. With insufficient revenue, the city had been relying on one-time revenue and contingency funds in order to provide services. The balances in several unrestricted funds and contingency appropriations were exhausted.

According to the City of Stockton, its budget deficits resulted from reduced revenues, pension system losses, and unsustainable compensation packages for its employees. Additionally, debt payments for issuances from the prior decade, and questionable fiscal management practices were cited as contributing factors to its insolvency.

Stockton's story provides a cautionary tale for Cities struggling to remain solvent. Stockton did not arrive at the point of bankruptcy overnight. While some causes like the Great Recession and the anemic recovery, were external; the majority of the causes were within City control, such as unsustainable labor contracts, reliance on one-time solutions, failure to prioritize services, or

<sup>&</sup>lt;sup>7</sup> https://gspp.berkeley.edu/assets/uploads/research/pdf/Rosenthal-Working-Paper-Exuberance.Bankruptcy.pdf

<sup>&</sup>lt;sup>8</sup> https://www.sfgate.com/bayarea/article/Vallejo-votes-to-declare-Chapter-9-bankruptcy-3285168.php

<sup>&</sup>lt;sup>9</sup> https://gspp.berkeley.edu/assets/uploads/research/pdf/Rosenthal-Working-Paper-Exuberance.Bankruptcy.pdf

enact new revenue measures. Critically the most consequential element of Stockton's financial collapse was the inability and unwillingness of City leaders to establish and adhere to a roadmap to fiscal sustainability, that is a plan to restore city government finances to long term health by reducing expenditure cost increases (largely personnel), increase tax revenues, resolve negative funds, and establish substantial reserves.

- I. Responses to questions raised during the December 7, 2020 Finance & Management Committee Meeting and the December 20, 2020 City Council Meeting related to the FY 2019-20 Fourth Quarter and FY 2020-21 First Quarter R&E Report & the Informational Report on Budget Shortfall Actions
  - A. What is the timing on putting the Wildfire Prevention Assessment District (WPAD) back on the ballot? [McElhaney]

The WPAD proposal could be put placed on the ballot during either a Special Election or at the next General Election in November 2022. Both options would need a collaborative strategy between Council and OFD.

B. Provide an analysis on the Self Insurance Liability Fund and possible measures to decrease liabilities. [Bas]

See attached response from the City Attorney (Attachment A).

C. Provide list of vacant positions with aging and recruitment status. [Thao]

Vacant positions as of January 14, 2021 is available <u>online</u>. This report does not include aging and recruitment status because those data points are not accurately reported within the Human Resources Information System (HRIS) or recruiting platforms. The HRIS shows a "Vacancy Date" but it only captures the last position transaction, which may include an acting assignment, funding changes for a current employee, vacancy, promotion, new position added to the budget, etc. For recruitment status, the NeoGov recruitment platform has the information related to submitted requisitions, meaning those vacancies that are being actively recruited.

HRM is in the process of working with departments to reconcile the monthly Position Control Report. This report is due back to HRM by January 22, 2021 and will confirm if positions are indeed vacant or if the funds are being used for other purposes. It will not show the vacancy date or recruitment status. In any case, the great majority of vacant civilian positions have been frozen in order to curtail expenditures, which means they not only cannot be filled, but the funds associated with them cannot be otherwise used to deliver service.

D. What is the scope of the economic/financial consultant who is conducting forecasting, etc?

Date: January 19, 2021

See attached scope for Blue Sky Consulting Group that is conducting an independent analysis for the Five-Year Forecast (Attachment B).

## E. What is the status of our financial ratings and how does this compare with other cities at this time?

The City's ratings have not changed since its previous upgrade. As a general rule rating agencies are non-proactively altering municipal ratings for agencies across the nation. A rating review would likely be triggered if Oakland or any other agency sought debt financing on the open market, or if the City clearly and publicly demonstrated an act of fiscal irresponsibility.

|               | Standard & Poor's | Moody's | Fitch<br>Ratings |
|---------------|-------------------|---------|------------------|
| Oakland       | AA                | Aa1     | AA-              |
| Sacramento    | AA-               | Aa2     | AA-              |
| Long Beach    | AA                | Aa2     | AA               |
| Los Angeles   | AA                | Aa2     | AA               |
| San Jose      | AA+               | Aa1     | AA+              |
| San Diego     | AA                | Aa2     | AA               |
| San Francisco | AAA               | Aaa     | AA+              |

#### F. What are the fund balances for All Funds?

See attached report that shows Ending Fund Balance for FY 2019-20 (Attachment C). Please note that this report includes all balance sheet accounts including physical assets, depreciation, long-term liabilities, etc. and does not reflect the cash balance available to be spent. The estimated available fund balance is determined by a detailed analysis of each fund which will be provided with the proposed budget. In addition, most of the funds with positive balances are either restricted in their use, obligated by appropriations in the Adopted Budget, or reserved by ordinance or bond covenant. Also, for some funds, the balances will be drawn down in the current year due to current year expenditures exceeding revenues.

II. Information regarding the December 20, 2020 Budget Shortfall Closure Actions Memo, specifically addressing who was involved in determining the actions, on what basis, and who has authority to make these reductions.

The City Charter vests the City Administrator with the authority to "control and administer the financial affairs of the City". In execution of that responsibility, the Administration has taken actions to control expenditures. On December 20, 2020, the Administration released an <a href="Informational Report">Informational Report</a> regarding Budget deficit closure actions and update on policy directives related to Police Department overtime.

As noted in the report, the Administration immediately implemented cost-saving measures, including general personnel and discretionary spending cuts, and public safety expenditure and service reductions.

The determination of the spending cuts was done in consultation with City leadership and were prioritized based on impact to employees and critical services. Of the options available to the Administration, the actions taken presented the least impact.

The decisions related to the public safety cuts were especially difficult. However, it is not possible to address the General Purpose Fund deficit without significant reductions to Police and Fire service delivery. Together, these two departments make up the majority of the GPF expenditures. The City Administrator is continuing to work closely with both departments to implement and adjust the service reduction plan as necessary.

#### III. Information regarding all funds budget status and projections.

Staff will present the Second Quarter (Q2) Revenue and Expenditure (R&E) Report in late February. That report will incorporate updated revenue and expenditure projections for many funds based upon fiscal data through December 2020, updated costing of previously enacted administrative actions, and any new administrative actions taken since December 2020. To the extent a Budget amendment is necessary staff will prepare a relevant resolution for Council's consideration.

#### Additional Developments since December

#### Ongoing Administrative Reduction Analysis

The Administration has continued work to identify additional expenditures that can be administratively curtailed, including through addition review of funds previously appropriated by the City Council and via a departmental expenditure reduction exercise. The Administration will continue to take actions necessary to curtail expenditures towards closing the City's budget gap in execution of Charter responsibilities.

#### Federal Aid

With the single party control of Congress and the Presidency as of January 20<sup>th</sup>, the likelihood that the City will receive federal aid has increased. However, delaying difficult decisions with the hope that the one-time federal aid will resolve the shortfall is ill advised and does not address the longer-term deficit that staff is projecting in the FY 2021-23 Budget. Further, it is highly unlikely that federal aid will be sufficient to resolve the current year and next two fiscal years cumulative deficits. Staff is hopeful that the City will receive Federal Aid, but Council and the public should clearly understand, that WILL NOT be enough to resolve our significant fiscal problems; difficult choices will still be necessary.

#### Coliseum Joint Powers Authority (JPA)

Due to the JPA's successful resolution of the Warriors lawsuit regarding debt payments, staff expects funds from the JPA reserve will be returned to the City. The JPA will consider an item during its February meeting that may result in a return of up to \$10 million each to the City and the County. These would also be one-time funds that will be in sufficient close the current deficit. As such, there is no justification for any reversals of the recent Administrative actions. Furthermore, there is a real possibility that the deficit projected in the first quarter was significantly understated. As noted above, revenue projections were produced long before the county mandated stay-at-home order that was put in place in December and extended indefinitely.

#### FY 2021-23 Biennial Budget Preliminary Deficit

As referenced earlier in this report, the FY 2021-23 baseline budget has a preliminary estimated two-year combined deficit of \$149.8 million in the GPF. This preliminary estimated baseline deficit is independent of, and in addition to, any FY 2020-21 year-end deficit. If the Administration had failed to act and cost control actions were NOT taken, the current year (FY 2020-21) would have ended with an unresolved \$62.3 million deficit. That \$62.3 million amount would then need to be addressed in the first year of the Biennial Budget in addition to the baseline deficit. This means that the \$81.3 million preliminary baseline deficit in FY 2021-22 could have increased to an overwhelming \$143.6 million, which is roughly 21% of the City's GPF budget.

The paragraph above underscores the importance of taking early, swift, and necessary action. Closing a deficit of this magnitude would most certainly require the elimination of entire programs and the reduction of essential services for the City's residents. Reductions at this scale would harm the health and safety of residents (especially our most vulnerable), negatively impact the City's built environment, and damage the local economy. Actions taken to close the gap this fiscal year will reduce the magnitude of cuts the City will have to make next fiscal year.

#### **Ongoing and Future Fiscal Health Problems**

The long-term fiscal health of the City is of significant concern. There are increasing, unfunded costs related to Other Post-Employment Benefits (OPEB), CalPERS pension, health care, cost inflation in excess of revenue growth, substantial outstanding lawsuits, and unfunded capital needs. In FYs 2017-18, 2018-19, 2019-20, in an effort to reduce these liabilities, the City Council budgeted contributions of \$10 million per year to begin reducing OPEB liabilities. Long-term unfunded liabilities, which include employee pension and retiree healthcare benefits, exceed \$2 billion. In FY 2020-21, due to the impact of the current economic downturn, these liabilities are not being addressed.

In addition, the failure to properly budget for police services is a contributing factor to ongoing overspending. In past years neither the Administration or City Council have adjusted OPD's overtime budget to align with negotiated wage increases. From FY 2006-07 to FY 2019-20, actual overtime hours have decreased nine percent (9%). However, the cost has increased from \$28.55 million to \$41.10 million. Additionally, overtime hours for non-patrol services like Ceasefire, Homelessness, Walking Officers, or Criminal Investigations have not been budgeted though additional services have been demanded of OPD. An immediate and acute contributing

factor is the demand for police services from last year's civil unrest and recent spike in homicides and shootings. The Administration's reductions to police services are necessary to begin to bring OPD's expenditure in-line with its budget given that the FY 2020-21 Midcycle continued the historic practice of under-budgeting for OPD. It is critical that the Administration, Mayor, and Council appropriately and accurately budget for police services in the FY 2021-23 Biennial Budget.<sup>10</sup>

#### **NEXT STEPS**

Staff is working with the Vice-Mayor to schedule an in-depth financial issues retreat to allow for deeper explorations of these fiscal topics. Updated year-end forecasts will be provided in the Second Quarter Revenue and Expenditure Report. The City Council should also expect the commencement of the biennial budget process beginning with review of the results of the budget priorities poll and development of City priorities.

#### FISCAL IMPACT

The previously taken Administrative reductions of \$29.0 million, while necessary, are insufficient to resolve the \$62.3 million estimated deficit projected by the end of the fiscal year based upon the FY 2020-21 first quarter analysis. A deficit of \$33.3 million remains that needs to be addressed by further reductions in services or seeking of employee concessions. Failure to address the current FY 2020-21 deficit will result in more severe service reductions in the FY 2021-23 Biennial Budget.

#### **PUBLIC OUTREACH / INTEREST**

No outreach was deemed necessary for this report beyond the standard City Council agenda noticing procedures.

#### **COORDINATION**

This report has been prepared in coordination with Departments of Finance and Human Resources, and Oakland Police Department.

#### **SUSTAINABLE OPPORTUNITIES**

**Economic**: The Oakland City government is a primary contributor to our local East Bay economy. Reductions in City of Oakland expenditures will have negative impacts onlocal economic activity.

 $<sup>^{10}</sup> https://www.oaklandauditor.com/wp-content/uploads/2019/06/20190610\_Performance-Audit\_OPD-Overtime\_Report.pdf$ 

**Environmental**: There no direct environmental impacts identified as a result of these actions.

**Race & Equity**: The Administration avoided reductions that would be felt disproportionately on low income communities of color. For example, the specialty unit for Abandoned Autos is not proposed for suspension because it would impact the low income neighborhoods where abandoned autos are disproportionately causing blight.

#### **ACTION REQUESTED OF THE CITY COUNCIL**

Staff Recommends That The City Council Receive An Informational Report Regarding I) Responses to questions raised during the December 7, 2020, Finance & Management Committee Meeting related to the Fiscal Year (FY) 2019-20 Fourth Quarter and FY 2020-21 First Quarter Revenue & Expenditure (R&E) Report; II) Information regarding the December 20, 2020 Budget Shortfall Closure Actions Memo, specifically addressing who was involved in determining the actions, on what basis, and who has authority to make these reductions; and, III) Information regarding all funds budget status and projections.

For questions regarding this report, please contact Margaret L. O'Brien, Interim Director of Finance, at (510) 238-7480.

Respectfully submitted,

Margaret L. O'Brien

Margaret L. O'Brien Interim Finance Director

# CITY OF OAKLAND OFFICE OF THE CITY ATTORNEY

### **MEMORANDUM**

TO: Lisa Agustin

**Budget Administrator** 

Barbara J. Parker City Attorney FROM:

DATE: January 13, 2021

RE: City Attorney's Response to Council President Bas' Request Regarding

**Self Insurance Liability Fund** 

We understand President Bas requested an analysis of the Self Insurance Liability Fund and possible measures to decrease liabilities. We are providing a response based on charges our Office makes to the Self Insurance Liability Fund ("Fund 1100") made.

The Office of the City Attorney charges the following costs and fees to Fund 1100: outside counsel, conflict counsel, experts, and consultants. We have an ethical duty to retain conflict counsel when there is a conflict of interest.

The City also pays settlements and judgements out of Fund 1100. The City Attorney has authority to approve settlements up to \$25,000.00; all other settlements are authorized by the Council.

Since 2000, the City Attorney's Office has published an annual report that details fees/costs of outside counsel, conflict counsel, experts and consultants and settlements, and judgements. The City Attorney's Office works strategically and aggressively to limit financial exposure and to seek fair and just resolution of lawsuits, claims, and disputes.

Our Office's charges to Fund 1100 may be reduced if our budget funded additional in-house counsel to perform our Charter mandated duties. Outside counsel are more expensive and less efficient than in-house counsel.

Dara A. Wiseman, Legal Administrative Services Manager CC: Andrew Lathrop, Risk Manager

Margaret O'Brien, Finance Director

#### **EXHIBIT 1**

#### STATEMENT OF WORK

The following Statement of Work ("SOW") is Exhibit 1 to the Agreement to provide Professional and Specialized Services between Blue Sky Consulting Group ("Contractor") and the City of Oakland ("City") ("Agreement") and is incorporated by this reference as if fully set forth therein. This SOW defines the principal activities and responsibilities of Contractor and the City for the Economic Consulting Services focusing on the development of the Five-Year Financial Forecast, analyzing the proposed Business Tax Equity Update Tax and serving as liaison on behalf of the City's Finance Department to the Blue Ribbon Commission.

All of the services furnished by the Contractor under this Agreement shall be of the currently prevailing professional standards and quality which prevail among consultant professionals of similar knowledge and skill engaged in related work throughout California under the same or similar circumstances. All documentation prepared by Contractor shall provide for a completed project that conforms to all applicable codes, rules, regulations and guidelines which are in effect at the time such documentation is prepared.

To the extent not consistent with the Agreement including this Scope of Work, the City's RFQ 228529 for the Economic Consulting Services ("Exhibit 3") and the Contractor's proposal dated October 1, 2020 ("Exhibit 4") are hereby incorporated by reference and shall provide context and supplement to this SOW, and be superseded by the terms and conditions of the Agreement and this SOW.

#### I. FIVE-YEAR FINANCIAL FORECAST

- Prior to beginning substantive work on the project, Contractor shall meet with City to establish procedures and notifications for any necessary meetings and communications with City staff; collect available data from the City and establish additional data needs and availability; confirm the format for all project products and deliverables; and address any preliminary project concerns.
- 2 Research the City's current fiscal status and economic environment, budgeting methods, revenue sources/trends, expenditure allocations/trends, and labor environment. The research includes but is not limited to the documents listed and referenced below:
  - FY 2020-21 Midcycle Adopted Budget Legislation
  - FY 2019-21 Capital Improvement Program
  - FY 2019-20 to 2023-24 Five-Year Financial Forecast
  - FY 2019-21 City Council Budget Workshop Baseline Revenue & Expenditures
  - City Labor Agreements (MOUs)
  - CalPERS Annual Actuarial Valuation Report
  - UCLA Anderson Forecast

#### 3 Five-Year Financial Forecast Workplan:

The Forecast shall contain the two-year baseline budget for the forthcoming budget period, clearly reflecting projected expenditures to maintain existing service levels and obligations, plus an additional three-year forecast of revenues and expenditures. The Baseline Budget shall consist of projected expenditures necessary to maintain existing staffing and service levels, plus an estimate of anticipated revenues for the two-year period.

The Forecast shall also contain information on the variance between prior forecasts and actual amounts, including the factors that influenced these variances. Revenue estimates shall be based on the most current data available; minimally revenue projections shall take into account projected revenue for the current fiscal year, as reflected in the 2nd quarter Revenue and Expenditure Report, with appropriate trending into future years and an explanation as to how such revenue projections were derived.

The report shall include a Five-Year Forecast "Fact Sheet" document, which summarizes the Forecast's key findings with simplified text and graphics to make this important budgetary information more accessible to the general public. Within two weeks after the Forecast is heard by the City Council, the City Administrator shall print and distribute the Forecast Fact Sheet to all City libraries, recreation centers and senior centers, including in languages required by Oakland's Equal Access Ordinance. The full Forecast shall also be posted on the City of Oakland's website. Forecast data shall be available in open data format on Oakland's data portal.

- Establish baseline revenue and expenditure assumptions that include any
  recommendations for process improvements (i.e. "best practices"). These baseline
  assumptions must include maintaining fund reserves, remaining competitive
  regionally with labor contracts, meeting pension obligations, sustaining internal
  service funding to meet replacement cycles, fulfilling the City's debt service
  obligations, and other major factors that staff will identify with the Consultant at the
  outset.
- Provide revenue estimates for the next 24 months and subsequent five years for the
  following General Fund categories: Property Tax; Sales Tax; Transient Occupancy
  Tax; Utility Users Tax; Franchise Fees; Business License Taxes; Fines, Forfeitures,
  Penalties; Revenue from the Use of Money and Property; Real Property Transfer
  Tax; Licenses and Permits; Cannabis-related Tax; Special Revenues; Gas Tax; and
  Intergovernmental Charges for current services;
- Provide expenditure estimates for the next 24 months and subsequent five years for the following General Fund categories: Salaries, Labor Negotiated Premiums, Overtime, and Benefits to include Medical Premiums, Vision and Dental, Long-Term Disability, Life Insurance Premiums, Employee Assistance Program, Medicare, Federal Income Tax, and Pension Obligations through CalPERS—defined by bargaining group—that can adjust to changes in the discount rate; Services and Supplies; Contractual Fire Services, Fire Other Post-Employment Benefits (OPEB), and Equipment; Capital Outlay; Debt Service, Internal Service Fund Charges, "Other" Charges that include grants and transfers out; Termination

- Pay-outs; Legal Fees. Distinguish Capital Improvement Program (CIP) labor, retiree medical premiums, and non-labor expenditures, including debt service.
- The workbook must be scenario driven. This means the workbook visualizes graphically all revenues (second bullet point), expenditures (third bullet point), required reserve limits, and with a graphic representation of any impact to actual reserves (i.e. a "bottom line" analysis). Related graphs must be dynamic in nature, but also understandable, repeatable, and flexible.
- The workbook must allow the end-user to make changes using an "if this, then that" approach. For instance, if the City adds 2 officers to the police department, then the impact to reserves will be X, running a deficit by fiscal year XXXX-XX. Or, if the City introduces revenue measure Y, the impact on fund reserves would generate a surplus in fiscal year YYYY-XX.
- The workbook must offer the end-user the ability to adjust the forecast with contemporaneous information—a downturn in the economy, a revenue measure impact, or labor negotiation impacts.
- Each category listed in revenues (second bullet point), expenditures (third bullet point) should have associated sensitivity analyses to show how significant an impact any subsequent changes would have on fund reserves. If a significant sales tax generator leaves the City, how sensitive will General Fund revenues be to each of the top ten economic drivers.
- Describe the methodology for the revenue and expenditure estimates as well as the modeling for the five-year forecast period. Provide any "best practices" incorporated into the forecast.
- The workbook must display information on a fiscal year basis.
- The workbook must display information in the following formats: 1) an executive-level summary with impacts on City Reserves; and 2) a financial manager-level summary at the fund balance and service-delivery impact level. The second format must provide scenarios around impacts to gain/loss of revenues and expenditures.
- Provide local and national economic forecasts concerning topics to be selected by the City, including but not limited to: Employment, Unemployment, Inflation, Gross Domestic Product (GDP), and Housing Prices.
- Provide a written overview of the current and forecasted economic conditions at the local, state, and national levels. This written overview should incorporate local economic drivers and the relative significance of their business has on the General Fund.
- Provide written status update on a monthly basis.
- Meet or teleconferencing with City staff on weekly basis during the weeks leading to the expected completion of Five-Year Financial Forecast in February 2021.
- Attend and assist City staff in presenting or answering questions during the Oakland City Council or Committees budget deliberation process (April through June 2021).

#### II. ANALYSIS OF EQUITY BUSINESS TAX UPDATE AND LIAISON SUPPORT

1 Collect, review and synthesize relevant research and analysis on gross receipts taxes. As a foundation for assisting the Finance Department and the Blue Ribbon Commission,

- Contractor is to collect and synthesize the most relevant, current information about municipal gross receipts taxes. This will include previous research done by Contractor on the effects of gross receipts taxes and best practices for tax policy design, including appropriate rates for various sectors.
- 2 Identify similar municipalities that have adopted changes to the gross receipts taxes and summarize their structures and impacts (as data permit).
- Analyze the likely impact of proposals considered by the commission, including the likely impact on City revenue, economic activity, and employment. This analysis will consider the potential impact of any new tax structure on the location decisions of affected firms. The specific approaches for developing these models will depend on the nature of the tax proposals considered, but could include custom forecasting models, use of off-the-shelf products such as REMI, or analysis of specific companies or sectors as appropriate. This latter approach may be needed to the extent a significant tax change is considered, particularly where such a change may only affect a handful of companies. While there is always uncertainty with respect to company location decisions, such an analysis (taking care to maintain the privacy of confidential taxpayer information) can help to shed light on whether a proposed tax change will influence company location decisions. Such an analysis can be based on the alternatives available to certain companies or sectors, access to customers, and suitability of workforce in alternative locations. Some companies may be insensitive to tax changes, if, for example, their customers or workers are located in Oakland. Others, however, may be more mobile and therefore more sensitive to tax changes.
- 4 Present results of the analysis of the Equity Business Tax Update via a written report and/or presentation to the Blue Ribbon Commission.
- 5 Provide additional analysis and/or technical assistance to the Blue Ribbon Commission, as requested.

#### III. PROJECT RECORD AND REPORTING REQUIREMENTS

- 1 Project Progress Report Contractor shall submit a monthly report to the Project Manager detailing progress of the project services.
- 2 Project Record Contractor shall develop and maintain a detailed record of the chronology of the project tasks and milestones completed that are decisive, conclusive or relevant to the outcome of the Project. Contractor shall submit a copy of the Project Record to the Project Manager prior to final payment for services performed on the Project. The Record shall be submitted in both paper and electronic format.
