5.   Now I am going to provide you some background information about this topic. The City of Oakland is currently projecting 100 million-dollar budget shortfalls over the next several years, meaning the Mayor, City Council, and City Administration will need to identify services to reduce in order to balance the City's budget. To help Oakland officials make these difficult decisions, please consider the following potential budget and service reductions and indicate how acceptable it would be to you personally if that reduction was made to help balance the City's budget: completely acceptable, somewhat acceptable, not too acceptable, or not at all acceptable. **(RANDOMIZE)**

> **AS YOU MAY KNOW, 38 PERCENT OF THE CITY'S BUDGET GENERAL FUND IS ALLOCATED TO POLICE SERVICES. HOWEVER, THERE ARE MANY POTENTIAL BUDGET ITEMS THAT CAN HAVE AN IMPACT ON COMMUNITY SAFETY AND IN 2020, THE CITY COUNCIL CREATED A TASK FORCE TO REIMAGINE OAKLAND'S PUBLIC SAFETY SYSTEM. THE GOALS WERE TO INCREASE COMMUNITY SAFETY THROUGH ALTERNATIVE RESPONSES TO CALLS FOR ASSISTANCE, AND INVESTMENTS IN PROGRAMS THAT ADDRESS THE ROOT CAUSES OF VIOLENCE AND CRIME ALONG WITH THE GOAL OF REDUCING THE OAKLAND POLICE DEPARTMENT BUDGET ALLOCATION. THE TASK FORCE CAME UP WITH 151 RECOMMENDATIONS AND WE'D LIKE TO ASK YOU ABOUT SOME OF THE HIGHER PRIORITY RECOMMENDATIONS THAT WOULD HAVE BUDGET IMPLICATIONS.**

6.   Next, I am going to read you a list of some specific Task Force recommendations that would cost the City additional money to adopt. While this may be challenging given the City's projected budget shortfalls, understanding the community's priorities can still be very helpful with the City's planning. For each one, please tell me whether you think it is extremely important, very important, somewhat important, or not too important for the City to identify the resources necessary to adopt that recommendation. **(RANDOMIZE)**
