

MACRO Impact from 5/15/22-5/21/22 **133** Total Contacts [Approx. 19/day]

Source of Calls

On-View: MACRO Crews survey the pilot programs designated impact zones to self-dispatch, by identifying and making contact with individuals that may require MACRO support. The purpose of this practice to build familiarity with the population and the impact zones MACRO will serve. In addition, On-view interventions have been focused on identifying an incident before it becomes a call into emergency services (Police, Fire, or Medical).

MACRO Impact from 5/15/22-5/21/22 **133** Total Contacts [Approx. 19/day] Incident Definitions:

Wellness Check: MACRO Responders identify people at risk of harm and seek to help the person minimize or decrease any safeguarding risks. Crews ascertain whether the individual is alive, breathing and conscious but are limited to providing basic medical care, calling for medical transport, and offering information on organizations that can provide further services.

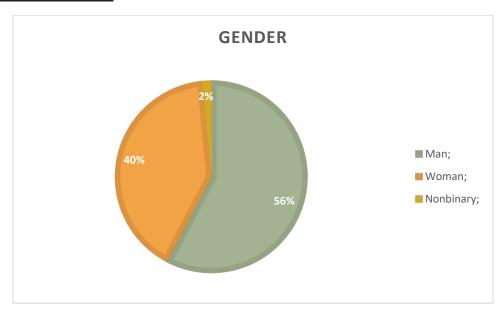

Sleeper: A Wellness Check performed with an individual who is first identified as sleeping.

Behavioral Health Concern: A person struggling with their behavioral health brought on by stress, addiction, depression, anxiety, relationship problems, grief, mood disorders, or other psychological concerns that interfere with their behaviors or cognition.

Indecent Exposure: The exposure of one's body, especially the genitals or a woman's breasts, in a public place or in a way considered offensive.

Panhandling: Any solicitation made in person upon any street or public place in which a person requests an immediate donation from another person. The term does not include passively standing or sitting.

Reference	Date	Narrative
Number		
701	5/17/2022	MACRO team came across an individual presenting black male that asked us to check in on them yesterday. They didn't get much sleep last night, and hadn't heard back from their contact for housing/treatment, so team agreed to check back in with them at 11am to transport them to CARES if they are still interested. Call complete
736	5/18/22	Macro 4 arrived on scene, male flagged us down, male is a repeated recipient and we had agreed to help him get to lifelong to be seen for his medication and to figure out why he's been so lethargic. He stated he is also interested in housing and we agreed to check on him tomorrow and try to start that process but we wanted to get his health needs figured out first. We offered him 2 waters and he accepted. Transport was complete. No further assistance and no medical attention was needed. Call complete.
748	5/19/2022	Macro team arrived on scene for a frequent wellness check. Team followed up with participant to see how his doctor's appointment went yesterday, stated he wasn't able to see the doctor but did fill out all necessary documents; asked if we can drop him off at Lifelong Clinic. Team began transport with starting mileage 936 and ending transport mileage 939. Team will follow up with participant tomorrow to start the process for CARES Navigation. Provided juice. MCC.
769	5/21/22	Upon MACRO arrival found client sleeping on bus stop bench. Once awake the client appeared alert and in no distress. The client is a 54 y/o unhoused male. The client immediately requested transportation to the hospital for nausea plus chronic left leg pain rated as 7/10 and sharp. There was a medical boot on left foot that appeared damaged and worn. Once boot was off there was visible swelling to lower left leg. The patient expressed that he was "hit by a car October 2021 and had a metal Rod placed in his lower leg." The patient wants to go to the hospital for assistance with Nausea, his leg pain and a new medical boot, as well as social services for assistance with housing. EMS was requested with a code 2 response and no fire department. Falck B124 arrived on scene and care was transferred without incident.
