## OAKLAND CITY COUNCIL REDISTRICTING

Important information that may affect you...

Look inside for changes to  
City Council Districts.

**District changes may affect  
electoral districts,  
but do not affect school  
enrollment choices.**

## Your City Councilmember and OUSD Board Member May Have Changed as Part of Oakland's Recent Redistricting

## Why Redistricting Is Important To You...

The 2013  
Redistricting process  
resulted in about  
12,000 residents  
being moved  
into a different  
electoral district.

Your elected represen-  
tative on the Oakland  
City Council and  
the Oakland Unified  
School District Board  
may have changed!

Changes made to  
the Council Districts  
also changed the  
boundaries for the  
areas represented  
by the elected  
members of the  
Board of Education.

**District boundary  
changes do not  
impact school  
enrollment  
choices.**

## Find out if your City Councilmember and OUSD Board Member Have Changed as Part of Oakland's Recent Redistricting.

Every 10 years the City of Oakland reviews and revises City Council District boundaries, as mandated by the City Charter. The purpose of this Redistricting process is to equalize each district's population according to U.S. Census data. New City electoral district boundaries are drawn to address population changes over the past decade.

The Oakland City Council Districts also serve as the electoral districts for the Governing Board of the Oakland Unified School District (OUSD), commonly called the Board of Education. Any changes made to the Council Districts also change the boundaries for the areas represented by the elected members of the Board of Education.

**Electoral boundary changes do not impact school enrollment choices.**

During the 2013 Redistricting process, the City of Oakland:

- Complied with the Federal Voting Rights Act;
- Balanced district populations;
- Preserved communities of interest;
- Followed visible natural and man-made geographical and topographical features; and
- Avoided displacing any incumbent City Councilmember or OUSD board member from the district he or she was elected to represent.

At its meeting on Tuesday, June 4, 2013, the Oakland City Council provided specific direction to City staff and established the criteria used in reviewing the proposed Council District boundaries.

Three town hall meetings held in July allowed for extensive public engagement and education regarding Redistricting. During four additional public meetings in September, the City gathered further input from the public on draft maps generated by the public and the Redistricting consultant.

Hundreds of Oakland residents participated in the Redistricting process by attending one of the meetings, submitting a map online, sending a letter or email, joining the online conversation at EngageOakland.com or leaving a voice message on the Redistricting hotline.

Beginning in October, the Oakland City Council began deliberating among the proposed maps. The final adoption of the ordinance which changed the district boundaries occurred on December 10, 2013.

Calculated by evenly dividing Oakland's population among the seven Council Districts, the mean population for each district is **55,818**. This is the target population sought through Redistricting.

Council District	2010 Census Population	Deviation from Mean Before Redistricting	Population after 2013 Redistricting	Deviation from Mean After 2013 Redistricting
District 1	58,424	4.7%	57,221	2.51%
District 2	51,667	-7.4%	57,102	2.30%
District 3	62,510	12.0%	57,196	2.47%
District 4	55,618	-0.4%	54,662	-2.07%
District 5	52,813	-5.4%	54,681	-2.04%
District 6	54,412	-2.5%	54,582	-2.21%
District 7	55,280	-1.0%	55,280	-0.96%

A roster of City Councilmembers and OUSD Board members can be found on the outside panel of this brochure.

**The primary responsibilities of OUSD Board members are to ensure that every student served by the District is well educated and demonstrates high academic achievement.**

**To find out who represents you on the OUSD Board, please visit <http://mapgis.oaklandnet.com/ousd/>.**
